## FADING HOPE OF PEACE

### ETHIOPIA HASTENS DEFENCE PLANS

### FORMIDABLE SYSTEM OF TRENCH LINES

(SPECIAL TO "TELEGRAPH")

(By Telegraph. Copyright, Telegraphic Messages Ordinance, 1884. Received, Aug. 31, 8 a.m.)

Addis Ababa, Aug. 30.

Gloom is steadily increasing here in official circles. The prospects of a peaceful solution to the Italo-Ethiopian dispute being accomplished are becoming more remote. There is anxiety among the people, too, in consequence of the Emperor's recent orders with respect to precautions to be taken in the event of air attacks.

The only vulnerable points in the capital are the Imperial Palace, the railway depots, the radio stations and the aerodrome. Preparations are going forward for the protection of the palace.

Meanwhile the army in the northern mountainous regions of the country has been considerably strengthened and it is now estimated that there are between 300,000 and 400,000 men in trench systems which are rapidly being perfected. Obstructions are being made with a view to disorganising tank attacks.

Preparations in the south of the country are less advanced but in Agaden and Gerlogubi eighteen small forts have been constructed for the possible concentration of troops, while the garrisons at Jijiga, Gerlogubi and Dargabour have been reinforced.

The morale of the Ethiopian troops is excellent. They are believed, however, to possess only sufficient ammunition for a three days' battle on a modern scale. The authorities, however, are placing their trust in an eventual guerilla war on the high plateaus which, they believe, can be prolonged almost indefinitely.—*Reuter Special.*

#### BRITISH WARNED

London, Aug. 30.

British subjects contemplating enlistment either in the Ethiopian or Italian armies are reminded by a Foreign Office Communique that such a step would be an offence under the Foreign Enlistment Act of 1870, which forbids any subjects of the United Kingdom or the Empire's possessions to serve without His Majesty's licence in the fighting forces of any foreign state warring with any other foreign state at peace with Britain.

Furthermore, the Ethiopian Order-in-Council of 1934 provides that if any British subject participate in any hostilities in Abyssinia, either in support of or against Abyssinia, he will be guilty of a grave offence and liable to two years' imprisonment and/or fined £500.—*Reuter.*

#### CANNOT TAKE RECRUITS

London, Aug. 30.

Twenty-five hundred offers to fight for Ethiopia have thus far been received at the Ethiopian Legation here which has issued a statement that the Ethiopian Government much appreciates the European offers of assistance but as the applicants are not acquainted with the Ethiopian language, the Government fears that they would not be of any use in directing or aiding its soldiers. Therefore it is unable to accept their offers.—*Reuter Special.*

#### MALTA'S DANGER

Malta, Aug. 30.

The authorities are alive to the danger of air raids over Malta and in consequence further instructions for cases of such emergencies are being issued. It is announced that model gas-proof rooms are being prepared for demonstration purposes in certain Government schools.—*Reuter.*

#### SUBMARINES PASS

Port Said, Aug. 30.

Two Italian submarines to-day (Continued on Page 14.)

Mr. Stanley Bruce, Australian High Commissioner in London, who has been instructed by the Commonwealth Cabinet to oppose the application of sanctions against Italy.

## Australia Opposed To Sanctions

### CONCERN FELT AT CANBERRA

#### IMPERIAL POLICY

Canberra, Aug. 30.

A Federal Cabinet meeting to-day decided unanimously that the Australian High Commissioner, Mr. Stanley Bruce, should be instructed to take every possible step to support Great Britain's efforts to maintain peace between Italy and Ethiopia.

It is understood that the Ministers expressed concern at the possibility of a decision on the part of the Government in Great Britain to attempt to impose sanctions against Italy. Such a move, it was feared, would only precipitate a graver crisis.

The Cabinet therefore decided to instruct Mr. Bruce to oppose such sanctions.—*Reuter.*

#### APPROVES SANCTIONS

Paris, Aug. 30.

Senator James P. Pope, of the Senate Foreign Relations Committee, who recently concluded an informal interview with the British Foreign Minister, has expressed the opinion that enforcement of rigid economic penalties would avert or curtail the Italo-Ethiopian war threat.—*United Press.*

#### CANADA SILENT

Ottawa, Aug. 30.

No formal opinion upon the Italo-Ethiopian question will be issued by the Canadian Government while peace negotiations are progressing, stated Mr. R. B. Bennett, the Prime Minister, to-day, commenting upon Australia's reported opposition to sanctions.

Canada's delegates to the League Council have been told that "the only war in which we are interested is a war for peace."—*Reuter.*

## PLANNING FOR WEDDING

### BUT NO DATE YET SETTLED

London, Aug. 30.

No date has yet been fixed for the wedding of the Duke of Gloucester and Lady Alice Douglas-Scott, but it is understood that it will take place in about six months' time, almost certainly in London.

Lady Alice, with her mother, the Duchess of Buccleuch, is visiting Their Majesties the King and Queen at Balmoral to-morrow.

A constant flow of messages of congratulation arrived at Lady Alice's home at Drumlanrig Castle, Dumfriesshire, to-day, and during the morning her ladyship had a long talk over the telephone with the Duke, who is staying at Balmoral.—*Reuter.*

## BRITISH DEFENCE SCHEME

### GUARDS FAR EAST OIL INTERESTS

#### AIR BASES IN BORNEO?

(Special to "Telegraph")

(By Telegraph. Copyright, Telegraphic Messages Ordinance, 1884. Received, August 31, 8.30 a.m.)

London, Aug. 30.

Singapore correspondents believe that the British Army will take special measures to protect the Empire's Far Eastern oil interests.

It is believed that the Government intends to build a chain of Royal Air Force aerodromes along the coast of British Borneo, the first being established at Sarawak. Meanwhile, the Third Cruiser Squadron in the Mediterranean is en route to Haifa, the Palestine terminus of the British oil pipe line.

In Ethiopia, too, Britain is taking what precautions seem necessary to protect her interests and her nationals. The British Vice-Consul, Mr. Trapman, has been entrusted to Djibouti to meet and escort to Addis Ababa 150 Sikh troops sent out from India to act as reinforcement to the British Legion guards.

American and British missionaries are busily engaged in planning hospitals near expected battle fronts in Ethiopia. Shum air raids are being carried out at Addis Ababa to instruct the populace in defence tactics.—*United Press.*

## EMBEZZLING ALLEGED

### A.O.F.C. Officers On Grave Charges

(Special to "Telegraph")

Shanghai, Aug. 31.

The United States District Attorney, Mr. Feltham Watson, has filed charges of embezzlement on fifteen counts against Mr. Frank J. Raven, Mr. J. Warner Brown and Mr. A. H. Driscoll, officers of the American Oriental Finance Corporation. The total amount involved is US\$62,754.

Accused of misappropriating customers' securities, they have been released on bail, and the District Attorney has cabled the authorities in Manila to arrest Mr. J. Warner Brown.—*United Press.*

## BREAKS COBBS' RECORD

### AMERICAN SETS FAST PACE

#### CAMPBELL PREPARES

Bonneville, Aug. 30.

The long salt flats of Utah to-day were the scene of another speed triumph when the American racing ace, "Wild Bill" Jenkins broke the record set up a few days ago by the British driver, Cobb.

Jenkins, in a four hundred horsepower machine, started on an attempt last night to beat Cobb's twenty-four hour record. The American, at the 2,000 miles mark, had averaged 138.65 miles per hour, which was a slight improvement on Cobb's time for that distance. Cobb covered 2,000 miles at an average speed of 137.87 miles per hour.

With approximately another 1,300 miles to go Jenkins is considered a very good chance of beating the Englishman's speed for the whole course.

Vice-Admiral R. S. Bailey, acquitted by a recent Court Martial, who has been promoted and re-appointed to the command of the Battle Cruiser Squadron.

## King Prays At Queen's Bier-Side

### POPULACE WEEPS AT LAST VIEW

#### ROYALTY GATHERS

(Special to "Telegraph")

(By Telegraph. Copyright, Telegraphic Messages Ordinance, 1884. Received, August 31, 9 a.m.)

Brussels, Aug. 30.

Queen Astrid of the Belgians is lying in state in the palace chapel. This morning King Leopold remained kneeling for a long time at the foot of the catafalque, deep in prayer.

Afterwards the principal members of the Court and the Government prayed beside the Queen's bier, and in the afternoon the people of Brussels, who had been standing in long lines outside the palace for hours, filed silently and tearfully past the bier, paying a last tribute to a beloved sovereign.

Prince Charles and Princess Ingeborg, father and mother of Queen Astrid, and Prince Charles and Princess Margherita, her brother and sister, are leaving for Brussels from Stockholm to-night to attend the funeral.

The Crown Prince of Sweden, who is representing the King, is leaving later. The Crown Prince and Princess of Norway are proceeding to Brussels to-night.

An unceasing stream of letters from all parts of the world are reaching Prince Charles of Sweden and all the flags of the nation are at half mast.—*Reuter.*

#### SALUTE TO DEAD

Brussels, Aug. 30.

Queen Astrid's body has come back to the capital of the nation she loved best.

The body has been placed in a reception room of the Laeken Palace, upon a bed covered with white linen, and is draped in such a way as to hide the terrible head injuries. The Queen is robed in white silk and the bed is strewn with violets, with an ivory crucifix at the foot. She resembles a dainty sleeping doll.

Thousands of grief-stricken subjects have filed past the catafalque, while outside the guns are booming in deep salute and bells have tolled throughout the day.

The funeral will be held on Tuesday. King Leopold left the funeral train at an outlying station, his face bandaged and his arm in a sling. He went at once to the palace and spent a few minutes alone with the body of the Queen.

The motherless children are happily playing at Stuyvenberg Castle, and King Leopold has been left to break the news to them personally later.—*United Press.*

## LABOUR ANTI-WAR CAMPAIGN

### PEACE OF WORLD IN GREAT PERIL

### SPIRIT OF MILITARISM FOSTERED

London, Aug. 30.

No fewer than sixty resolutions, including one dealing with aggressive policies of Japan in the Far East and Italy in Abyssinia, appear on the agenda of the 67th annual Trade Union Congress which is opening in the Winter Gardens Pavilion at Margate on Monday.

An important resolution on Peace and War stands on the agenda in the name of the General Council. It expresses grave apprehension concerning the present international situation and the increasing preparations that are being made for war.

Maintenance of democratic institutions is declared to be an essential factor in the preservation of peace, and the resolution records the conviction that "the existence of Fascist dictatorships, notably in Italy and Germany, has fostered the spirit of militarism and fomented national antagonisms which gravely imperil the peace of the world."

The attitude of those Governments which have refused to use effectively the machinery of the League of Nations in the settlement of disputes is condemned in this resolution, with special reference to the aggressive action of Japan in the Far East and that of Italy against the Abyssinian people.

#### COLLECTIVE SYSTEM

The resolution asks Congress to re-affirm its policy outlined at the Weymouth Congress last year, and to declare its resolute faith in a collective peace system operating within the League of Nations, and its determination to take all appropriate action to make that system a reality. It calls for practical and adequate measures of disarmament, and for the suppression of private manufacture of arms. It calls upon the British Government "to take the initiative, through the League of Nations, to convene a new Conference of all nations concerned in order that this purpose may be achieved."

Finally, the General Council are requested, in conjunction with the National Council of Labour, to watch closely the development of events in order that, should emergency arise, such measures may be taken, in conjunction with the affiliated organisations, as may be necessary to deal with the situation.

Five resolutions are submitted by affiliated Unions on the General Council's circular concerning the disruptive activities of persons connected with Fascist and Communist organisations.

## Steamboat Co. Strike Unchanged

### HOPE OF AMICABLE SETTLEMENT

#### UNION NOT AGGRESSIVE

Up till a late hour this morning there had been no new development in the dispute between the Kwangtung Seamen's Union and the Hongkong, Canton and Macao Steamboat Co., which resulted yesterday in the entire crew of the Sui An leaving the ship shortly before she was due to sail from Canton.

Interviewed to-day, Mr. H. de Luz, Secretary of the Company, admitted that he was surprised that the Union had allowed the Lungshan to sail this morning from Canton. The Lungshan getting away, means that the Union is not taking further aggressive steps and the chance of an amicable settlement is increased. (Continued on Page 14.)

#### BUILDING SOCIETIES

London, Aug. 30.

Two hundred delegates from British Building Societies are leaving London to-morrow to attend the 6th International Congress of Building Societies in Salzburg and Vienna. The Presidential address will be delivered by Sir Harold Bellman, Chairman of the British National Association of Building Societies, and the British delegation will also include Sir Josiah Stamp and Sir Enoch Hill.—*British Wireless.*

### WILEY POST'S FATAL PLANE CRASH

The last picture of Wiley Post's low-wing monoplane, taken just before Post and Will Rogers crashed in Alaska. The famous round-the-world flyer and film star planned to continue on beyond Alaska across Bering Strait, through Siberia and into Moscow.

## Hongkong Is New Mecca For Famous Fliers

HONGKONG is seemingly becoming the Mecca for many aviators of note.

In addition to those already mentioned who contemplate flights to the British Colony in the Far East is a Briton who will take off from Mexico, either this or next week, on an 18,000 miles flight.

His aim is to prove that any ordinary air-tourist can circle the world if he wants to.

Harold Hilton Farquhar, Secretary of the British Legation in Mexico, is the man. Bieler, Mexico's leading airman, will accompany him.

Farquhar will travel to London by way of Los Angeles, Seattle, Siberia, Mukden, Peking, Shanghai, Hongkong, French Indo-China and Rangoon.

"We'll travel only in good weather," he said. "We are now seeking permission of the Soviet Government to fly over Siberian territory. As soon as we get that we will be ready."

"We expect to be in the air 180 hours."

#### Many Flights Scheduled

Several world-famous fliers are coming to Hongkong in the near future.

The first will be Tom Campbell Black, the famous co-pilot in the winning machine in the Century Air Race last year, who is scheduled to arrive here within a fortnight.

Next will be Sir Charles Kingsford-Smith, who will pass through Hongkong next month, on a Goodwill Flight to Japan.

As announced yesterday, Cathcart Jones is completing plans for eight major flights, one of which will almost certainly be to Hongkong.

Clyde Pangborn will fly within 800 miles of the Colony on a non-stop round the world attempt.

## European Marksmen Prove The Best

### HONGKONG POLICE DEADLY WITH REVOLVER

INTERESTING statistics regarding the marksmanship of officers of the Hongkong Police Force are contained in the Annual Report of the Inspector General of Police for 1934.

It shows that 1,132 members of the Force fired the Musketry Course. Of these 219 were Europeans, 24 of whom failed to pass the test. Of the 662 Indians who fired, 70 failed to pass the test, and of 198 Wei-hai-wei Chinese, 27 failed. Four Indian Guards failed out of 53 participants.

On January 1 this year a revised classification for Marksmen, 1st Class Shots, and 2nd Class Shots and Failures came into operation, and the above figures, although included in the 1934 report, are for the period January—March this year.

It is interesting to note that 24 per cent. of the Europeans were awarded the highest classification for Marksmen, only 15 per cent. of the Indian Guards obtaining this classification.

Chinese participants were a bad last with 7 per cent. to the 11 per cent. obtained by Indians.

In the Greener Gun Course 11 Chinese Water Police failed and 47 passed, while only two Indian Guards on the Goal Staff failed out of a total of 75 contestants.

The Europeans again led in the Revolver Courses, with a total of 99.1 per cent. passes.

Indians and Wei-hai-wei Chinese proved the next best shots, with 98.3 per cent. passes. The most erratic were the Water Police, with a failed percentage of 13.5 and the Russians, 8.7 per cent. of whom failed to pass the test. Cantonese scored 95.4 per cent. passes.

The entire standard, however, is high and reflects credit on the Hongkong Police force.

### ARE YOU SURE?

Here are a few more brain-teasers for the idle hour. If you can answer six you've not done badly. Answer nine of them correctly and go to the head of the class. Answers are on page 14.

- 1.—The first dog watch on board ship begins at:  
Noon 4 a.m.  
Midnight 4 p.m.  
8 a.m. 6 p.m.

## MAKE-UP HINTS

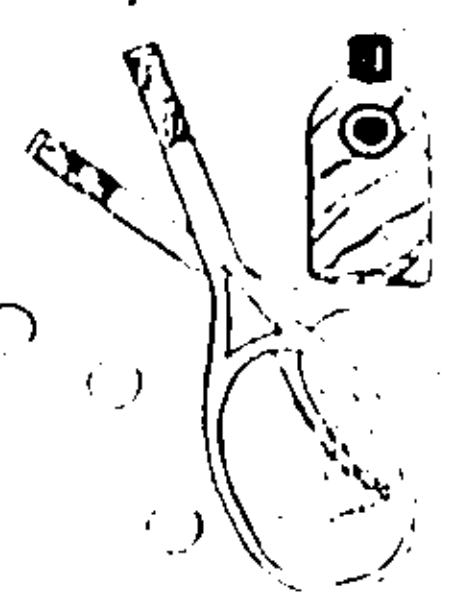

By  
MAX FACTOR

A WOMAN CAN BE FASCINATING  
WITHOUT GLAMOUR... MAX FACTOR

HOLLYWOOD, Calif.—If you aren't the glamour type, then don't try to be glamorous! You can be just as fascinating without glamour! This dramatic statement came today from Max Factor, famous Hollywood beauty authority who has changed more plain-looking people into glamorous personalities than any one else in the world.

"Individualized beauty is the important thing today," Max Factor declared. "If you are the demure type, then be demure. If you are sophisticated, be sophisticated. If you are exotic, be exotic—but whatever you are, be yourself. Exciting personalities are created by individuality—not imitations."

Hollywood screen stars depend upon this individuality in beauty and personality for success on the screen. Max Factor points out, "As soon as

## 220-year-old Speech That Keeps A King From Throne

WILL OTTO OF HAPSBURG RETURN?  
Vienna, Aug. 22.

A speech delivered by Emperor Karl von Hapsburg VI at 10 o'clock in the morning on April 19, 1713, 222 years later, presents one of the chief obstacles to the home-coming of Otto von Hapsburg.

The contents of this speech were transformed into a law which remained the basis of the Hapsburg monarchy until the revolution of 1918.

Karl VI had no male issue. The Hapsburg's male line became extinct with him.

The question of his successor therefore, was the chief problem of his reign.

On April 19, 1713, he took a decisive step. At 10 a.m. he called the leading statesmen together and delivered a speech, which contained precise rules for the succession.

This speech entered into history under the name of the "Pragmatic Sanction."

The Emperor prescribed that all countries then included in the Hapsburg Monarchy must remain "indivisible and indivisible." Also they must always be ruled by a member of the Hapsburg family, who could be a woman if male issue was lacking.

The remaining 27 years of Emperor Karl's life were occupied with an uninterrupted struggle to obtain recognition of the Pragmatic Sanction from the different crowns of the monarchy and from the other great powers.

OTTO OF HAPSBURG  
never renounced his rights.

### Hard Task

It was a hard task. The government of each province knew that the recognition of the Pragmatic Sanction meant the end of possible autonomy.

Karl had to campaign more than seven years before Bohemia and Moravia recognised, in 1723, the Pragmatic Sanction as "an unchangeable and irrevocable principle for all future time."

Croatia followed in 1721; Transylvania in 1722; then successively the other provinces.

Still more difficult was it to obtain the recognition of the Pragmatic Sanction by the other European great powers.

Karl's political skill, however, brought victory. The Pragmatic Sanction was eventually recognised by almost all European powers. Russia even went so far, in 1726, as to promise an army of 30,000 men in support of Austria independence if any power should attack the provisions of the Pragmatic Sanction.

By the time Karl died in 1740 the succession of his daughter, Maria Theresa, and the stability of the Hapsburg monarchy had been secured.

### Hurricane Of 1918

Since this time the Pragmatic Sanction has formed again and again the cement for the loose structure of the Hapsburg monarchy. From year to year the autonomous tendencies of the several Austrian provinces became greater and greater. But all efforts broke on the inflexible principle of the Pragmatic Sanction.

Only the hurricane of 1918 was stronger than the Pragmatic Sanction. The great monarchy was then undone and the conventions of the Pragmatic Sanction found their end.

On October 29, 1918, Croatia cancelled all conventions with the Hapsburg monarchy, among them the "unchangeable and irrevocable

principle for all future time." Bohemia and Moravia did likewise a few days later. Only Roumania could do nothing because Transylvania, which had concluded the Pragmatic Sanction with the Hapsburgs, no longer existed.

All these conventions between the succession states and Hapsburgs were cancelled unilaterally by the succession states. The Hapsburgs, however, have never renounced their rights. Thus Otto von Hapsburg has remained (from his and his family's point of view) until now the sovereign of Moravia and Bohemia, of Transylvania and Croatia. In his unchanged point of view the succession states see an imminent danger and therefore they energetically oppose the restoration.—United Press.

## ANTI-GAS ADVICE FOR THE HOME

"MAKE ONE ROOM  
PROTECTED"

The British Government's first Air Raid Precautions Handbook has been published.

There are pages of "Anti-gas precautions and first-aid for air-raid casualties."

Five more handbooks are on the way.

Judging from the first handbook to be issued you would have about 700 pages of "Do's and Don'ts" to know off by heart if you heard a bomb dropped. Not only that, "the handbooks will be revised from time to time in the light of future developments."

Only men and women with the trained minds of ambulance personnel and architects will be able to grasp a tenth of the technically-worded information set out in the handbook.

"Mustard" Blisters  
It tells you that the main types of gas that may be dropped in air attack "however remote it may be" are choking gas, nose gas, tear gas and blister gas.  
Chlorine will cause bronchitis, pneumonia and death. Phosgene will fill the lungs with inflammatory liquid and cause death after some delay.  
Mustard gas is the worst blister gas. It will cling to the ground where it has fallen for long periods. If you touch the ground where it has fallen you will get burned badly, sometimes even if you are wearing boots. Mustard gas will injure eyes and lungs.  
Three precautions are set out:—

- (1) Get under cover in an air raid and stay there until the "All Clear";
- (2) Make at least one room in your home "gas protected" in accordance with the advice;
- (3) Keep a gas mask handy.

## ARM IN SLING WITH NEURITIS

A "token of gratification" this woman says she is giving when she writes of her relief from neuritis:—

"For twelve months I have had neuritis in my arm, and up till the last two weeks have had to carry it in a sling. Since then I have abandoned my sling, am able to sleep undisturbed, and can perform household duties that previously I would not have done. These benefits I have received from Kruschen's Salts. This has all happened in two weeks, and I am optimistic enough to think that in another fortnight I shall have said good-bye to neuritis once and for all. Call this a testimonial if you choose—to me it is a token of gratification.—(Mrs.) N. E. L.

Neuritis is a result of impurities in the blood. And it is impure blood, circulating all over the system and setting up inflammation in the tissues, that causes those excruciating pains. Kruschen Salts can be safely trusted to set the matter right. Because Kruschen contains just what Nature needs to persuade your internal organs back into a healthy, normal condition.

## "ENDOXIDINA"

guaranteed to be free from  
NARCOTICS and is therefore  
a safe remedy for OBESITY.

As from 1st September, 1935,  
our Office will be situated in  
B.E.A. Building, Des Voeux Road.

More Than Meets  
the Emergency

At the Club!  
In the Home!

**HOT** ... Tired ... Hungry. Energy burned low ... That is the time to refresh; to rebuild vitality. Anchor Beer will more than meet the emergency. It is refreshing, healthful and satisfying. It is the king of beverages. It contains health and food values which restores energy immediately ... and it is good. It is an appetizer unequalled and a favourite wherever quality beverages are served. At the club ... for the home ... always order ANCHOR BEER.

# ANCHOR BEER

"A BREWING TRIUMPH"

REFRESHING - - HEALTHFUL - - SATISFYING

# GIBSON

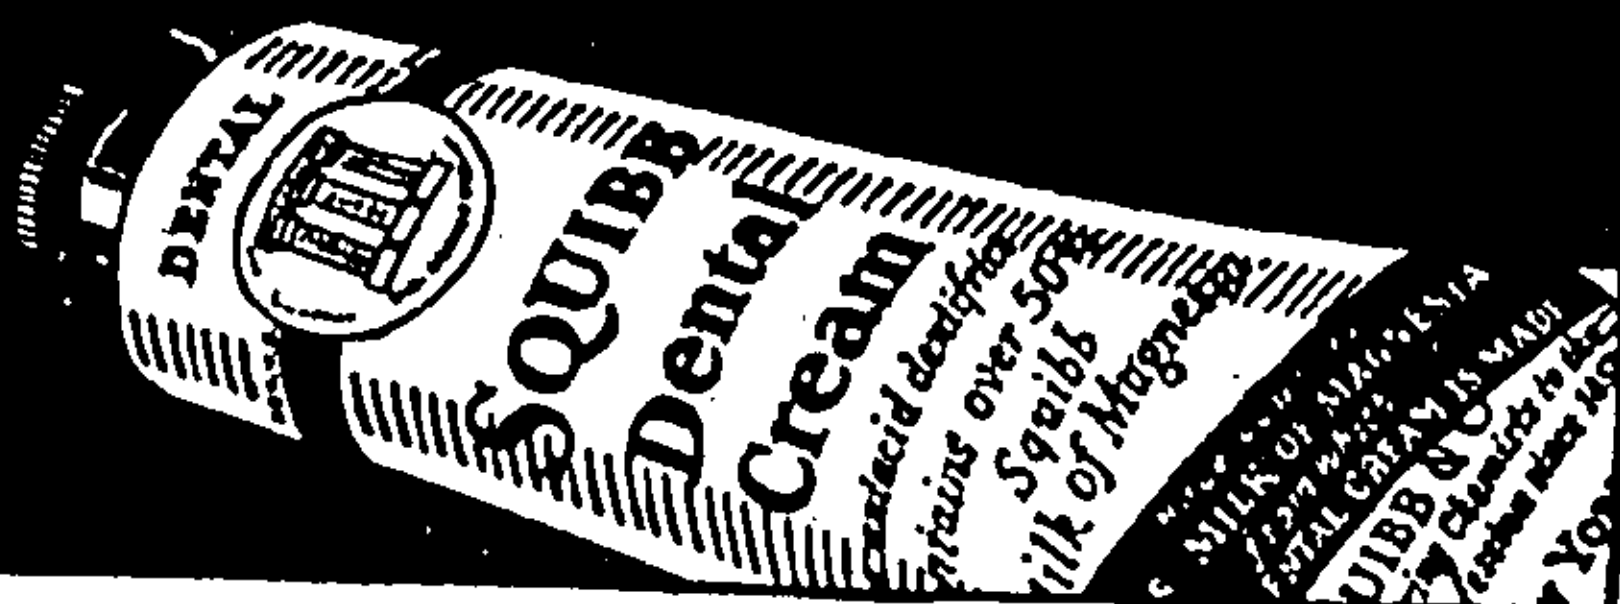

# BANISH WORRY

The Danger Line...where  
Germ Acid attacks...is  
scientifically guarded with  
Squibb's Dental Cream.

Worrying over pyorrhea, bleeding gums and similar mouth troubles won't prevent them. What you need is scientific protection against the ravages of GERM ACID—a direct cause of tooth decay and gum irritation. Germ Acid forms at the Danger Line, where teeth and gums meet. Squibb's Dental Cream is an ANTACID preparation which renders this dangerous acid harmless. The first thing you will like about Squibb's is its delightful, minty taste—clean and refreshing. Then you will like the way it brings out the natural, flashing brilliance of your smile. But most of all you will enjoy the knowledge that your teeth and gums are safely and effectively guarded.

## SQUIBB'S DENTAL CREAM

Counteracts GERM ACID

Sole Agents:—ED. A. KELLER & CO., LTD.

### JAZZ FOR REDS

#### STRANGE SCENES IN THE NEW RUSSIA

Moscow, August 30.  
The hot notes of jazz can be heard echoing in many military barracks throughout Soviet Russia.

Within, spurred and black-booted officers can be seen prancing around to foxtrots and rumbas with serious and intent faces.

This strange spectacle—about the last thing anyone would expect in connection with the Soviet Red Army—is the result of an order by War Commissar Voroshilov, decreeing that all Red Army Officers must learn modern jazz dancing.

Voroshilov's order was in consequence of an embarrassing experience at Angora, where the visiting Red Army Delegation was being entertained at a ball given in their honour.

It was found that only a few of the most dashing of Red Army officers knew even the first thing about modern dancing.

In response to the invitations of dark-eyed Turkish beauties the officers had to shuffle out of it, muttering excuses as best they could.

"This must not occur again," decreed Commissar Voroshilov.

Not only were the Red Army learning to dance jazz, but hundreds of thousands of young Russians are forsaking peasant dances in favour of jazz.

Three years ago such a thing was unheard of. Only foreigners and members of the Soviet Diplomatic corps danced jazz, but now Russia has gone modern, and jazz is officially encouraged.

Lipstick and Gramophones  
As a result of the jazz craze gramophone records and dance music are in the greatest demand, commanding high prices.

The factories so far are unable to produce enough gramophones, so the privilege of being allowed to buy one is conferred as a prize for extra good work in the factory or the field.

A sartorial revolution is also proceeding, the old embroidered Russian blouse, with high black boots, for men, is almost extinct and the Russians now ape English styles.

English clothes are prized almost as much as a gramophone. Similarly the women of Moscow and Leningrad use lipstick, and powder and rouge for their cheeks.

### CANTON-NANKING

#### DR. KUNG URGED OF COME TO SOUTH

Canton, Aug. 30.  
Well informed circles state that following the negotiations which Mr. Tong Hui-on, the Shanghai Superintendent of Customs, has conducted with the Canton leaders, the way is now paved for a visit by Dr. H. H. Kung to the South.

It is understood that Mr. Tong Hui-on completed the preliminary discussions with regard to the Central Government's financial aid to Canton in reconstruction projects, but the final and definite arrangements have to be made by the Finance Minister himself.

Mr. Tong Hui-on to-day telegraphed to both the Industries and the Finance Ministries to report the results of the discussions with the South-west Leaders and urging Dr. Kung to come to Canton at an early date.—*Reuter*.

### MILITARY CONCERT

#### EAST LANCASHIRE CONCERT PARTY ENTERTAIN

A very entertaining concert was given by the concert party of the East Lancashire Regiment at Sharncliffe Camp on Thursday night, attended by the Officers and men of the Regiment with their families and friends.

A varied programme, with several interesting features, was given. The comedy was provided by Pte. Ashurst and Pte. Lane, who were seen in several humorous sketches, depicting "an operation," "a lunatic asylum," and other mirth-provoking scenes.

Songs were rendered by Sergeant James, Bandman Ashworth, Privates Taylor and Hardy, while the piano accompaniment was rendered by Bandman Bevan. Another item well received by the audience was the whistling solos by Private Herbert.

Music, before the commencement of the concert and during the interval, was provided by the band of the Regiment.

They enamel their nails and devour French fashion papers.

Further modernisation is indicated by the spread of the use of the safety razor, which has swept away the traditional Russian beard.

Thus the U.S.S.R. is being developed under the New Five Year Plan with gramophone, safety razor and perfume factories rising alongside blast furnaces, copper smelters and motor car plants.—*Reuter*.

### RADIO BROADCAST

(Continued from Page 7.)

forte). Yehudi Menuhin (Violin).

SATURDAY, AUG. 31, 1935.

### THE LEAGUE AND THE CRISIS

What is the duty of the League of Nations in the face of threatened wars of aggression? The query is pertinent on the eve of the Council meeting called to determine what action, if any, shall be taken in the Italo-Abyssinian dispute. Speaking generally, whatever the dangers and difficulties may be, the broad principles are clear enough. Every effort should be made to prevent any breach of obligations, and then, if the aggressor actually goes to war, all the other members of the League should unite to protect the victim of aggression. This much, at least, the collective security system requires—if it is to be given any meaning at all. A more pertinent query relates to the duty of the individual members of the League in the present crisis. Great Britain and France in particular, for it is they who will in practice determine League policy. It may be admitted at once that the League does not require individually determined and isolated action from its members. A careful reading of its provisions shows that in all plans for action, it is the Council which advises, even though ultimately its advice has to be carried into effect by individual sovereign members. Imagine, then, that the Council in fact is not sufficiently agreed to come to any conclusion. Is the individual country—or to be quite plain, is Great Britain—required to act as policeman for the world? The answer here should be quite clear. There is no such obligation imposed by League membership. But that does not dispose of the matter. The British people and the British Government are quite convinced of the need of strong concerted action. It is, therefore, the plain duty of her representative at the League's Council to express that opinion in unequivocal terms, whoever may be offended or disturbed. It is hoped that the result will be satisfactory. The difficulty, of course, is France. Recently her relations with Great Britain have been somewhat strained, and she has, after years of friction, arrived at friendly agreements on many points with Italy.

### NOTES OF THE DAY

#### ALBERTA'S EXPERIMENT

The province of Alberta, Canada, has elected a reactionary Government, headed by Mr. William Aberhart, Canadian-born, but of German extraction. The Government promised much, before it was a Government, as Governments will. Now, however, Mr. Aberhart is installed as Prime Minister. He controls a territory of 240,000 square miles and a population of some 600,000, the majority of them on the land, farming one of the richest wheat areas in the world. He will presently be in the midst of his promises. In the election campaign Mr. Aberhart described a system of government which he characterised as a social credit scheme, and which entailed the payment to every adult person in the province of a "dividend" of \$25 a month. But until now he has remained "distressingly vague," as the Canadian correspondent in *The Economist* puts it, about the practical application of the scheme. The fundamental idea behind the plan is that the Alberta farmer will get not the world price for his products, but a "just price," which is to be fixed by a provincial commission. The "just price" will be substantially higher than the world price, and in order to enable people to buy at these higher prices Mr. Aberhart proposes to issue "social credit" certificates on the basis of \$25 per month to every citizen. "He describes," says *The Economist*, "such an issue of certificates as 'the dividend of our natural heritage.' And in a community which for several years past has been afflicted with drought, grasshoppers and other agricultural plagues, which has seen its market in the United States almost completely closed, which has seen the price of its chief products fall to pitifully low levels, and which is harassed with a private debt, impossible to liquidate at the present price levels, the prospect of an assured income of \$25 a month is more than ordinarily alluring."

#### QUICK RESPONSE

Mr. Aberhart's plan won immediate and enthusiastic support from the embittered and disgruntled farmers of Alberta, granted farmers of Alberta. When the Social Credit Party went into the election campaign it swept the country. Only half a dozen of the "old party" nominees were returned. But the Social Credit candidates went riding to the Legislature on a tide of popularity which swept away all opposition. So Mr. Aberhart himself the Premier-elect, he has approximately 400,000 adults (and who knows how many more may seek to establish residence in Alberta), who will want \$25 each month from now on, as he promised; and the provincial revenue is much reduced. He will give them "social credit." They will buy their groceries with this script, and pay their landlords, the baker, the butcher and the land-lord, and so on, will present the script to the Government, and the Government will back it with its credit. What seems to be bothering bankers, however, and others who are supposed to know something about finances and economics, is the problem of maintaining Alberta's credit. For although the wage earner may be satisfied with "script," and possibly the landlord also, somewhere in the scheme of things someone is going to ask for cash. How Mr. Aberhart will overcome this difficulty remains to be seen. But until he does, he is going to face perilous ways, and possibly the wrath of a misled electorate.

She is naturally chary, therefore, of appearing by the side of Great Britain in uncompromising opposition to Italy's present ambition. But Great Britain has the whip hand in the matter, if she chooses to use it. France is devoted to the League, for it is the shield of her security, and she knows that it alone brings her into the European system. In pre-war days Great Britain kept as far as she could out of Continental politics and depended for the maintenance of peace on what is known as a balance of power policy. She has now definitely abandoned her pre-war policy and placed her faith in the League of Nations system. If her statesmen point out quite clearly to the French Government that feebleness will now destroy the League irretrievably, and that she may, therefore, be compelled to return to her old-time aloofness, there will be some prospect of France coming into line. With France and Great Britain, and therefore the Council, determined, is it likely that Italy will persist in defying world opinion? The answer to that question will soon have to be given.

## IS ENGLISH CRICKET GOING BACK

By J. A. FREEMAN  
(Sports Editor of the Daily Mail)

THE England team for the fifth and final Test match against South Africa at the Oval, beginning August 17, will be announced this week-end. It would be surprising if there are not a number of changes from the side that failed in attack at Manchester and left the position with South Africa one up and only one to play. (As everyone knows, this last match was drawn, and South Africa won the rubber.)

It is a measure of the present standard of English cricket that already the selectors have called on a sufficient number of players in the four games already played to make two complete elevens—with a man to spare. By this week-end, the total may reach 25 or 26. We have gone back, then, to the gloomy days of 1921, when Australia won three of the five Test matches decided, with two drawn. Only 13 Australians played in all put 30 in the field.

It is a striking fact that in the series of Test matches against Australia from 1877, England lost the rubber in every one of the four years in which more than 20 different players were selected. The number of men chosen was the index figure of our comparative weakness. Mr. P. F. Warner, the present chairman of the Test Selection Committee, may well sigh for the golden age of English cricket when England's team was almost self-selected. It is his own considered opinion that the strongest side that has ever represented this country was the eleven which played at Birmingham in 1902, although in that year we lost the rubber.

Here are the names: A. C. MacLaren (capt.), Rhodes, C. B. Fry, K. S. Ranjitsinhji, Hirst, F. S. Jackson, Braund, G. L. Jessop, Lockwood. In that year only 16 men were an England cap on the cricket field. The other five were L. C. H. Palairet, Hayward, Abel, Barnes, and Tate (F.W.).

It is not out of an exaggerated respect for the past that one writes that the Test matches of those days were invested with a glamour and a glory that are now elusive qualities. Is there any explanation of the fact that in a series of twelve Test matches played in 1934 and 1935 (to date) against Australia, the West Indies, and South Africa, we have won only two and one of those by the fortuitous help of a thunderstorm? It is but the self-administration of an opiate to suggest that we should have been one up in the matches against South Africa if four days had been allotted to each. I believe that too much cricket is bringing down our international standard of play, so high even in defeat in the days of A. C. MacLaren. Modern industrial and economic conditions are limiting severely the number of amateurs who can afford the time

to play. The strain of the heavy county programme on the professionals, with the constantly increasing demands of representative cricket, is becoming an intolerable burden.

Winter tours abroad, the visits of international sides here, the six-days week demand of county cricket—with the seventh day often spent in travelling—are making the game into a non-stop business, in which no man can give consistently of his best.

Put aside the unhappy circumstances that led to the loss to England, last year and this, of the services of Harold Larwood, the greatest-fast bowler in the world for the past ten years. But can we imagine his retaining the full power of his tremendous physical energy for three years, summer and winter, without a break?

Was so great a task ever imposed on Richardson or Lockwood?

Athletes of the running track have to take every precaution against becoming stale or "burnt out." Is there no one to take thought for our cricketers?

Before 1903, the sending of a Test team to Australia was a matter of private enterprise. Then the M.C.C. took charge.

I believe it would be to the lasting benefit of English cricket, at home and abroad, if the M.C.C. went a step farther and took control of representative cricket in England.

I have in mind the definite formation and maintenance of an England team, recruited from the counties, chosen and paid by the M.C.C., and numbering not more than 16 men in all.

The present governing body is the Board of Control of Test Matches at Home, a hybrid whose existence is as nebulous as its title is cumbersome.

The counties would oppose this revolutionary proposal. Their chief complaint would be the loss of the services of their star player or players.

As a series of five four-day Test matches in this country takes a man from his county for ten games, the further encroachment is not so serious as it seems.

The financial loss could be made good, almost wholly, by the attractive fixture which each county would get of a three-day game with the National Team.

The chosen of the M.C.C. would play each of the 17 first-class counties and, say, three other representative sides. For them it would be a refreshing reduction from the 26, 28, and 30 games which the majority of our counties now play in the championship competition.

The team would have the opportunity of becoming a team in the best sense of the word.

The state of England's cricket calls for drastic action.

## BULLS AND INNERS

### From the Office Butts

We have not been able to discover the "Day of Excessive Heat" in the Chinese calendar, but believe that it is approximately from January 1st to December 31st. (More or less.)

According to advertisements and news items, house dogs go for next to nothing these days, especially coolies!

We have still to discover the man who has seen a double eagle!

The Lido Lady naturally has her own crest.

We haven't heard much about Hongkong nudists this summer. Possibly they cannot bare publicity.

Signs of the Colony's industrial expansion are to be found in the opening of a pencil factory in Kowloon. This seems a step in the write direction.

A reader asks: "What's to be done about these slit skirts?" We'll have to look into them.

The Week's Silver Review: Early indications, contrary to general expectation, revealed an upward tendency, with a slightly downward inclination. Sales were effected with little enthusiasm, with the exception of bars, which were attractive mainly on account of the hot spell, the off-take being considerable.

Thieves who broke into a money-changer's shop the other day took only dollars. Naturally they'd avoid the coppers.

A golfing novice thinks we might find work for some of our unemployed by putting them on to enlarging the holes at Fanling.

New Definition:—A spoil-sport is one who's a good thing when he sees it.

"Cecil de Mille Spends £200,000 on Cleopatra," says a cinema advertisement. That makes Antony a mean blighter.

In these days of fast cars, it's nothing to see a pedestrian rolling along the road at twenty miles an hour.

Flour is said to be the equivalent of money in some countries. Well, we'd like some self-raising money if it can be managed.

A Home laundry is advertising for a finisher. So they do it deliberately; do they?

Italy's complaints against the slave trade in Ethiopia suggest that what she really wants to do is to take the "sin" out of Abyssinia.

Even a bit of cool cheek wouldn't be so bad this hot weather.

Which reminds us of the young "lovely" we saw shopping in shorts the other day. She certainly was a cool customer.

In connection with the anti-noise campaign in London, silencers are being fitted to pneumatic road drills. Couldn't they also be used on some of our Hongkong street hawkers?

Then there was the golfer who could play all right but was refused admission to a club because he couldn't pass the language test!

Chopper attacks are far too common in Hongkong, according to a magistrate. Maybe this explains all these chopped dollars.

A Peak resident has successfully grown raspberries. We are not sure that this is not singular!

Our Lido may be quite exotic; But there's room for one little cuss. Although it does seem idiotic, You can't travel there by a bus!

There is no truth in the rumour that local Rotarians propose to spend a joyous afternoon at their children's playground with the Australian flappers.

"I have to give up cigars, and you let him blow in money like that."

## PIRACY SCARE

## PROMPT ACTION SAVES SHANGHAI STEAMER

Shanghai, Aug. 30. The Hung Tai, a coastal steamer belonging to a Chinese company here, narrowly escaped being pirated when eight minutes were arrested on board early yesterday morning during her trip from Shanghai to Tuenghow.

The Hung Tai left here at 1 a.m. yesterday for Tuenghow fully loaded with cargo and passengers. Soon after the steamer had left harbour the movements of a certain number of passengers on deck attracted the attention of the guards. A search was carried out by order of the Captain and consequently one pistol and a considerable quantity of ammunition were found on a passenger named Chu Kwang-yu, alleged to be the chief of the gang. This man together with seven other passengers were detained by the guards.

The steamer returned to Shanghai immediately after the incident and the water police called on board. Further search was made but no more arms could be found. The steamer was delayed at the wharf until 4 o'clock in the morning before resuming her journey to Tuenghow. It is reported that the pirate chief, Chu Kwang-yu, admitted that they had planned to pirate the ship when she arrived at a certain point near Tuenghow. He also stated that two pistols were thrown into the harbour while the guards were searching the ship. —Wah Kin Yat Po, A.

## LIONS FOR HONGKONG

## TWO BRONZE BEASTS FOR BANK ENTRANCE

Shanghai's two biggest lions are leaving for Hongkong on the Empress of Asia September 12. It was learned from Mr. W. W. Wagstaff, prominent Shanghai sculptor, who is responsible for their creation. The two great bronze beasts were created to stand and guard the doors of the new Hongkong and Shanghai Bank, designed by Palmer and Turner, which is nearing completion at Hongkong.

When visited by press representatives the two lions were all but ready to be off, save for the fact that one of them was having a little last minute dental work done on his giant bronze jaws. His friend was standing by calmly and quite ready to take his place in the world as the guardian of a bank.

These lions are somewhat larger than their cousins who have long stood before the Hongkong and Shanghai Bank in Shanghai and Mr. Wagstaff declares that he mixed in a great deal of the strength-giving ingredient while their bronze was yet molten. They are 8 ft. long.

## WATER LEVELS

## FOR WEST NORTH AND EAST RIVERS

The River Conservancy Commission for Kwangtung Province issues the following report on water levels in English feet for the West North and East Rivers:

Place of Observation	Highest	Lowest	W. N. R.	E. R.
West River at Shingling	11.0	10.0	11.0	11.0
North River at Tuenghow	12.0	11.0	12.0	12.0
East River at Shingling	13.0	12.0	13.0	13.0
North River at Shingling	14.0	13.0	14.0	14.0

## TOUR OF NEGROES

## TO SPEND \$1,000,000 IN ORIENT NEXT SPRING

Tokyo, Aug. 30. The Jiji Shimpu publishes a report, apparently originating from the United States of America, to the effect that 500 wealthy American negroes are negotiating to obtain a passenger ship to tour the Orient next spring, and they will spend a total of nearly \$1,000,000. The report is considered to be fantastic and cannot be confirmed locally. —United Press.

## IMMENSE GIFTS

Washington, Aug. 30. The Securities Exchange Commission has announced that wealthy Americans made gifts of \$6,000,000 in securities during July. Mr. Andrew Mellon, for instance, gave \$1,840,000 to an unnamed beneficiary. —United Press.

The Government is inviting tenders for the purchase of a Crosley touring car, 1921 model, 20 h.p., with no spares, and a Morris Cowley touring car, 1925 model, 11 h.p., with no spares.

## CANNED FRUIT IMPORTS

London, Aug. 30. The Imperial Economic Committee reports that imports of canned fruits preserved in syrup in 1934 were a record at 173,000 tons. The proportion of the total supplied by British countries, continuing the rising tendency of recent years, was also a record at 44 per cent. —British Wireless.

It is notified for general information that Mr. Faustino Antonio Xavier, Vice-Consul for Brazil, has assumed the temporary representation of the interests of the Republic of Guatemala in the Colony.

## THE KUOMINTANG

## IN EXTREMIS IN THE NORTH OF CHINA

Suiyuan, Aug. 30. The Suiyuan Provincial Kuomintang Executive Committee yesterday advertised in Chinese newspapers a decision to cease all Kuomintang activities from the end of August. All provincial and municipal Kuomintangs in all parts of Suiyuan province will be closed down immediately.

Suiyuan is one of the three newly created provinces between Mongolia and Shansi with Charhar on the east and Ningxia (another new province) on the west. —Reuter.

The United Press confirms this report.

## Takahashi's Plan

Peiping, August 30. Shantung is the only Province north of the Yellow River where the Kuomintang has any influence at present. In view of the action at Suiyuan, and the fact that the party has been entirely ineffective in Shansi since 1931, and in Charhar since the spring.

It is learned that the abolition of the Kuomintang at Suiyuan followed verbal suggestions made ten days ago by Colonel Takahashi, who arrived at Suiyuan on Thursday. —United Press.

## Peiping Council

Peiping, Aug. 30. When interviewed by the Press Mr. Wang Keh-min, acting chairman of the Peiping Political Readjustment Council, said that the Council will wind up its affairs within a week.

He is uncertain whether he would visit the capital again after the abolition of the Council. Asked whether a new organ would be established to take the place of the Council, Mr. Wang answered in the negative. He discredited the report that a North China Economic Commission would be formed.

While admitting that an Economic Union has already been formed in Peiping, he said that the Union was organized by local bankers, chambers of commerce, and well-known economists, and had nothing to do with the Council. —Central News Agency.

## JAPAN AND RUSSIA

## TOKYO MAY PROTEST AGAINST COMITERN ACTIVITIES

Tokyo, Aug. 30. The Foreign Office spokesman declined to say what representations will be made to Soviet Russia beyond saying, "We may take some steps."

Replying to the question of whether Japan is waiting for action by the United States of America and also whether United States' protest inspired the Japanese action, the spokesman answered, "We are quite independent."

He also declined to say whether the Japanese Ambassador to Moscow will present a formal protest. Some circles believe that the Japanese Ambassador has already been instructed to reiterate to the Soviet Government that the latter has the power to restrict Comintern activities if it desires. —United Press.

The United States sent a protest to the Soviet Government against Comintern activities directed towards the overthrow of law and authority in America, as disclosed at the recent Moscow Congress. The Soviet replied that Russia had not violated the Roosevelt-Litvinoff agreement and that the Government could not assume obligations in connection with the Comintern.

## BRITISH CAPTIVES

## REDS DEMAND HIGHER RANSOM PAYMENT

Peiping, Aug. 30. The messenger sent with the ransom to effect the release of Messrs. Bosshardt and Hayman, kidnapped missionaries, reports that the Hunan Communist captors are demanding eight times the agreed amount. —United Press.

The Hunan bandits originally demanded \$58,000 in October 1934 for the release of Messrs. Bosshardt and Hayman, but the sum was subsequently increased to \$70,000.

In June the bandits reduced their demand to \$65,000, when the notorious Red chief, Ho Lung, leader of the Communist army operating in northern Hunan, sent word to Rev. H. Becker at Chikang requesting an interview to talk matters over regarding Messrs. Bosshardt and Hayman.

Some years ago Rev. Mr. Becker befriended Ho Lung's younger brother and it is this slender cord that is now being gently pulled.

The two missionaries were kidnapped by Communists in Kwetchow early in October 1934.

## COMPETITION

## SHIPPING LINES STRUGGLING FOR COASTAL TRADE

Extremely keen competition among shipping companies has developed as a result of the action of the China Merchants' Steam Navigation Co. in placing its four new steamers, the Hai Yuan, Hai Heng, Hai Li, and Hai Chang, in the service along the southern coast, says the China Press.

The addition of the Hai Heng, Hai Chang, and Hai Li, operated by Jardine Matheson, will give further competition to the China Merchants. This vessel, which will be placed in the southern coast service, it is claimed that she is larger and faster than any of the four Chinese steamers mentioned above.

Meanwhile, it is understood that the China Navigation Co. owned by Butterfield and Swire, is planning upon improving its South China coastal service. The passenger rates on the Nan Hwa, for example, have been sharply reduced and the service of cabin boys and waiters is being improved. All in all, the line has 11 vessels operating between Shanghai, Amoy, Swatow, Hongkong, and Canton.

The competitive efforts, however, are not being made by the two British companies alone. The Java-China-Japan Line, it is understood, is considering cutting its passenger rates to Amoy and Hongkong. The reduction is also seen as a convenient way of assisting the revival of land and sea trade to Java and the south coast.

It is understood that the China Merchants' Steam Navigation Co. has made large gains since reducing its passenger rates on the four ships sailing between Shanghai and South China. Full passenger lists seem to be the rule on these steamers.

According to reports, the passenger receipts per trip, have jumped from around \$2,000 to \$8,000, and it is understood that freight receipts have also risen sharply.

In order to improve its service, the China Merchants' Steam Navigation Co. has reduced the running time for each round trip from 11 to 12 days. The speeding up of service will also give the vessel a chance to get in several additional trips per year, with the result that the rate of fixed charges for the vessel will be reduced considerably.

## A MINOR BREEZE IN LOCAL HOCKEY

### STATUS OF THE MAMAK TOURNAMENT

#### TO BE RAISED OR PACK UP

(By R. H. B.)

The question that will be thrashed out at the annual meeting of the Mamak Hockey Tournament to be held in St. Andrew's Church Hall on Wednesday evening, is whether the Tournament should be directly controlled by the Hongkong Hockey Association or whether it should break away and affiliate direct to the English Hockey Association.

It is generally known that the Mamak Hockey Tournament has been in existence since 1932 and as a tournament has fulfilled a long felt want.

The subsequent formation of the Hongkong Hockey Association rather complicated matters.

Both these bodies have their own rules to regulate play and one has only to examine the 1934-35 handbook to wonder how it was they did not combine as one body at the beginning and affiliate to the Home body as such.

It is difficult to say who was responsible for not having this important step seen to.

A point has now been reached in the history of the tournament and the association where it is necessary for the Mamak Tournament either to break away from the association and affiliate direct to the Home body or conclude as a tournament pending the inauguration by the association of a similar representative tournament.

Some quarters view such a departure with misgivings but no sane objection can be made to the control of all games coming directly under one body.

Army, Navy and Civilian teams will be brought into closer contact; umpiring will improve, better grounds would be available and the standard of the game of hockey raised.

Generally speaking, it has to be conceded by everybody that with the Mamak tournament, the provision of suitable umpires has been neglected and a few willing individuals have borne the brunt of this responsibility.

With the inclusion of regimental teams divided into first and second divisions it is reasonable to suppose that no club however experienced would refrain from participating in a tournament completely representative of all affiliated clubs in the Colony. In this respect it must be acknowledged that the Mamak Hockey Tournament has functioned successfully up to a point. But it has not been as successful as it should be.

Then again, a considerable number of friendly matches are played during the season in which the Hongkong Hockey Association has not interested itself and would probably have passed unnoticed but for the interest of the Press.

This should not be so and the Association should exert themselves more. They should try and organise a knock-out competition apart from the routine International tournament and triangular tournament.

On examination of Interport teams one finds a Services majority in nearly every case during the past two years.

These comparisons serve to indicate that in the opinion of the Association the bulk of the civilian representative teams have not players worthy to represent the

## Curtailed Baseball Programme

### RAIN INTERFERES WITH GAMES

#### LEADING TEAMS DEFEATED

New York, Aug. 30.

There was again only a curtailed programme scheduled in the two major Baseball Leagues in America, while rain caused the postponement of two of the matches which were down for decision.

As a result there was only one fixture in each League, but in these matches both the leading teams were engaged and defeated. St. Louis Cardinals, head of the National Championship for the past two days, lost their position when the Pittsburgh Pirates beat them by nine runs to three. The Giants once again resume the leadership.

The defeat of the Detroit Tigers has made but little difference to the respective positions of the two teams as the Yankees are still far behind the leaders.

The results of to-day's matches follow:

#### NATIONAL LEAGUE

	R.	H.	E.
St. Louis	3	7	2
Pittsburgh	9	14	0

(Medwick scored a home run for the Cardinals and Vaughan for the Pirates.)

Brooklyn Dodgers were unable to play the New York Giants owing to rain and the fixture was postponed.

#### AMERICAN LEAGUE

	R.	H.	E.
Detroit	7	7	1
St. Louis	8	11	0

(Cobb scored a home run for the Browns.)

The match between Boston Red Sox and Philadelphia Athletics was postponed on account of rain.—Reuter.

## JACK DOYLE SUSPENDED

### REFUSED MEDICAL EXAMINATION

West New York, (N.J.), Aug. 7. Jack Doyle, who was to have met Leo Williams to-night, has cancelled the bout. On announcing the cancellation Doyle was promptly put under suspension by the secretary of the New Jersey Boxing Commission.

This action followed Doyle's alleged refusal to submit to an examination by the New Jersey Commission's doctor for an alleged elbow injury.

Colony team. This obviously is a fallacy.

Hence the suggestion that the Mamak Tournament in the interests of all affiliated clubs, should become a separate entity.

This course would probably lead to unnecessary friction but the remedy is in the hands of the Hongkong Hockey Association.

Cowboys from all parts of the West have recently been gathered at the annual Rodeo in Salinas, California, and the photo gives an idea of the fearless spirit of the performers.

## OLD FOOTBALL QUESTION IS REVIVED

### INTERNATIONALS IN MID-WEEK

#### OFFICIAL WHISPERINGS

(By Frank M. Carruthers)

London, Aug. 7. League football begins in Scotland on Saturday next. In England the start is deferred for three weeks, until August 31, but the majority of the players have already begun training.

The close season so near to its end has not brought any sensational news, and our legislators have been concerned chiefly with domestic matters, but there has been one disturbing note.

In official circles there has been a good deal of whispering about even the amateur internationals, henceforth being played in mid-week.

Scotland, I am told, want this. You see, their amateur team is mainly made up of Queen's Park players, and when an international is played their League match has to be postponed.

Are the Leagues now to boss the amateurs?

The national unions have suffered a good deal of disquiet in regard to international matters, but I shall be surprised if they consent to an arrangement which would not only make it difficult for players who have to work to take part in the games, but would rob them of the public interest that remains.

#### THE IDEAL TOUR

It seems only a few days ago since I left the England team on their return from Holland, and of a grand trip two outstanding impressions remain.

First the studied care with which the interests of Football Association were protected, which I mention in order to refute the belief that abroad are cheap holiday jaunts for the officials as well as the players. From what I saw the official purse was kept so tight that there was never a chance of a threepenny bit dropping out.

The second impression was that the one-match tour is ideal and that the match list should not be extended. Two days after the match with Holland, when returning about mid-day from the players' turned the bent into a temporary dormitory—fagged out by strenuous sight-seeing.

I pointed this out to Mr. Phil Bach. "Yes," he said, "and if we had made the usual arrangements this year we should have been setting off to-day on a long journey to play a second match."

And surely here was a reason why teams who go touring on the Continent do not always do themselves justice. It is in the sight-seeing which begets them.

#### SHORTAGE OF PLAYERS

Players? We are told that budding champions scarcely exist and that finished players are beyond price, yet the men can be got if clubs show sufficient enterprise and determination. Before the end of last season for three players. They have secured two of them, Hartill, of Wolverhampton Wanderers and Miller, of Partick Thistle.

Was the third Mills, the Aberdeen inside left? He has been the most wanted player in Scotland. If they had received any encouragement Fulham would have bid "big" money

## YORKSHIRE COLLAPSE SECOND TIME

### INNINGS DEFEAT BY ESSEX

#### COUNTY CRICKET SURPRISE

London, Aug. 2.

For the second time Yorkshire collapsed utterly against fast bowling at Huddersfield yesterday, and Essex gained one of the most notable victories in the history of the club just before 1 o'clock by the overwhelming margin of an innings and 204 runs.

For the convenience of Essex play lasted until 7 o'clock on Wednesday and began again at 11 o'clock yesterday so as to ensure an early finish. While no excuse can be put forward for such a poor exhibition as Yorkshire gave, Nichols and Read had the advantage of bowling on a wicket which is more in favour of fast bowling up to half-past 12 on any day than any other wicket in the country.

In just over an hour yesterday Yorkshire lost six wickets for 48 and during this period only P. A. Gibbs faced the bowling with much confidence. Gibbs stayed for 40 minutes, being sixth to leave, and later Wood, who was again the top scorer, and Howes, each hit four boundaries and made a brave but unsuccessful effort to raise the total to three figures.

#### DEADLY BOWLING

Read had started the breakdown in the first innings. Yesterday it was the turn of Nichols. In his first over he caused Sutcliffe to edge a ball to Eastman in the slips. Barber hit Read for three 4's in one over, but at 21 he was dismissed by Nichols and Essex had victory in sight. Nichols bowled superbly. He worked up a tremendous pace and, taking seven wickets in the innings for only 37 runs, took 11 in the match at the small cost of 54. On top of that he scored that brilliant century on Wednesday, so he had a very good match.

H. D. Read did almost as well as Nichols with the ball in taking nine wickets for 62. Except for three overs by Eastman, Nichols and Read had charge of the Essex attack throughout the match. When Nichols sent back Sutcliffe he obtained his 100th wicket of the season and he now requires only 164 runs to complete the "double."

For his transfer, but the Aberdeen club refused to put themselves in a position in which they might be tempted.

One of these days the League authorities will be asked to appoint a commission to inquire into the shortage of players. Yet with more youths playing the game than ever this shortage is very mysterious.

#### A MAJOR PROBLEM

The Football Association would be horrified if it were believed that their coaching scheme had been set up only with the object of making players for the League clubs, but it ought in time to improve the situation.

But if the scheme is to have its full benefit it ought to be extended by means of continuation classes.

The major problem, as it seems to me, is to keep in touch with the boys after their school days and provide facilities for their further development. Perhaps some day someone will start a football college.

## INTERNATIONAL BOWLS GAMES TO-MORROW

### TWO MATCHES TO BE PLAYED

#### SECOND ROUND WEEK LATER

With the Open Championships almost concluded, the annual International Lawn Bowls matches for the Gutierrez Shield, are to be commenced to-morrow when the first round ties will be decided.

There are two matches for decision as follows:

INDIA	SCOTLAND
A. J. Arothi	J. T. Farquhar
A. M. Omar	J. Shepherd
P. Ramchand	J. C. Brown
U. M. Omar	A. M. Holland
(Club de Recreo Green)	
PHILIPPINES	MALAYA
F. Delgado	M. I. Alabas
E. Castro	A. M. Wahab
S. S. Fernandez	M. Y. Adal
R. Bana	A. R. Dalish
(Tanjong R. C. Green)	

The second round matches will be played off on the following Sunday on greens to be notified later. Portugal will meet the winners of the India v. Scotland match and England will play the winners of the tie between the Philippines and Malaya.

## SINGLE-WICKET CRICKET

### "Father" Marriott Loses By An Innings

Canterbury, Aug. 6. After the Kent-Gloucestershire match to-day a single-wicket contest was played in aid of Ashdown's benefit between "Father" Marriott, Kent, and Tom Goddard, Gloucestershire.

No runs could be scored behind the wicket and, according to rule, no wicketkeeper took part, but three county players from either side fielded and a policeman acted as long-stop.

Choice of innings was decided by the tossing up of a bat, and Goddard won. Batting ten minutes and receiving 32 balls from the old Cambridge Blue, he scored 37 runs (seven 4's), and then gravely declared his innings closed.

Marriott gave the policeman long-stop far more to do, but he contrived to make 16 before he was caught.

Should Marriott follow on? After a conference between the umpires and Jerry Weirall he dashed once more into the breach, and, when he was caught and bowled, Goddard had won by an innings and 17 runs.

The inspiring genius of this old-world match on an equally old-world ground was B. H. Lyon, the former Gloucestershire captain.

## ROUND IN 62

### AMAZING GOLF BY PROFESSIONAL

#### EIGHT UNDER BOGEY

London, Aug. 6. R. G. Wilson, the professional at the White Webbs Park course at Edgware, playing with a member yesterday, went round the course in the amazing score of 62. Bogeys were 70. Wilson was out in 28 and home in 34.

## CHAMPIONS SHOULD WIN AGAIN

### CRAIGENGOWER & BOWLS TITLE

#### ISSUE ALMOST DECIDED

(By "Sage")

Lawn Bowls upsets in local circles do not seem to be confined to the local championships as one of the biggest surprises of the season has been the success of the Hongkong rink at Wanstead where the Colony beat the home-side team in the Esplen Cup contest for the first time since the cup was presented by Mr. James J. Esplen, O.B.E.

Without in any way attempting to detract from the glory of the local rink's success, it can safely be said that the four which represented Hongkong last month was the weakest ever to be pitted against a Wanstead quartette. None of the players would be considered for a place in the local Interport side if they were in the Colony.

S. Randle is the only player who can be considered of first division standard. R. H. E. Marks is one of the Police R. C. junior skips although he has figured in the senior team while Dr. V. Atienza, of the Craigengower C. C. and J. F. Lunny, the Hongkong Electric player, are also second division players.

Unfortunately the Wanstead papers do not comment on the match and it is therefore not known here who were the outstanding players for Hongkong. It must have been a very good match as there were only 30 shots scored on the 21 heads, which at least shows how close the scoring was.

#### LEAGUE FIXTURE

The victory scored by the Craigengower C. C. last week over the Kowloon Bowling Green Club has made them practically certain of the championship unless they strike an exceptionally bad patch between now and the end of the season.

The champions have only four matches to play and it seems inconceivable that they will lose two of these fixtures. To-day they pay a visit to the Police R. C. and although they may find some difficulty in winning I don't think they will be beaten.

The Club de Recreo may win the remainder of their matches and merely await the days when the Craigengower C. C. suffer two defeats but they seem to be in for a long wait as a two match lead at this stage of the competition is hard to overtake.

The Portuguese meet the Kowloon Dockers at Hok On to-day and they too may find it hard to win.

The return match between the two bottom teams will be played at the Kowloon C. C. green where the Civil Service C. C. will be the visitors. The former side won the first match at Happy Valley and should take the points in their home fixture.

The Craigengower C. C. "B" team and the Indian R. C. play off their tie on the former's green, the

## SCORE

### HIS FIFTH THIS SEASON

#### YORKSHIRE GIVEN THREE POINTS

London, Aug. 30.

Since the retirement of Jack Hobbs, the Surrey and England veteran cricketer, Pat Hendren, of Middlesex, has become known as the Grand Old Man of Cricket and although he has not established anything like the number of records which stand to the credit of Hobbs, he is nevertheless maintaining his very best form and against Surrey at Lord's he scored his fifth century of the season.

Hendren is now in his 47th year but he appears to have many more seasons ahead of him. With the exception of Hobbs who has 197 to his credit, Hendren has scored more centuries than any other man in first class cricket, being now well on his way to his 100th.

However, Hendren's effort was of no avail except to give Middlesex first innings points over Surrey by scoring 307 runs in her first innings. When the last wicket fell Hendren was still batting and had made 117 runs.

Sims brought about the collapse of the Surrey side taking five wickets for 42 runs in an innings which realised but 120 runs. With 169 runs on the board for the loss of eight wickets Middlesex declared the second innings closed. F. R. Brown had five for 49. At the close of play Surrey had made 141 for six wickets.

#### YORKSHIRE LAG BEHIND

Yorkshire lost first innings points to Sussex in the match at Ilkeston where the hosts made 274 in the first innings even though Smiles took seven wickets for 47 runs.

Yorkshire's reply was 220 while Sussex scored 121 in the second innings. At the close of play, however, Yorkshire had 28 runs for one wicket.

First innings points went to Nottingham against Essex.

In her first innings Nottingham made 291 and Essex replied with a total of 245. The Nottingham second innings was declared at 276 for six, Gunn scoring 147 not out, while Essex had 108 for two when stumps were drawn.—Reuter.

## WORLD RECORD

### 200 Metres Breast Stroke At Honolulu

Honolulu, Aug. 30.

Jimmy Higgins has set up a new world record by doing the 200 metres breast stroke in 2 mins. 41.8 secs. The previous record was held by Carlonnet of France who made the time of 2. 46.6 in 1933.—Reuter.

Kowloon B. G. C. having the bye to-day.

All future league matches must be started at 3.15 p.m. as the days are now getting shorter.

## Kowloon Golf Club Annual General Meeting

### MOTION FOR REDUCTION OF GREEN FEES IS DEFEATED

A proposal by Mr. J. McKelvie, seconded by Mr. W. Stewart, that the green fees be reduced from \$2 to \$1 was defeated when put to the vote at the 11th ordinary annual general meeting of the Kowloon Golf Club held in the West Lounge, European Y.M.C.A., yesterday afternoon.

Mr. J. D. Thomson (President) was in the chair and was supported by Mr. W. Stoker (Hon. Secretary) and Mr. H. H. Mundy (Captain of the Club).

Addressing the meeting the President said:

Gentlemen: Now that my term of office is almost over I realize that I have not been able to do as much for the Club as I should have liked, and that your Vice-President, Captain and Secretary have carried the major part of the load. I thank these gentlemen and the other members of the Committee and all who have helped for their kind support and assistance.

Believe me, Gentlemen, the Committee is most appreciative of the support of Officers is a most important matter.

#### SUBSCRIPTION REDUCTION

I will now deal with the Statement of Accounts. I would draw your attention to the reduction of \$657.30 in Subscription account. The reduction is mainly due to the fact that more members are on leave or absent from the Colony this year. There has been a number of resignations, but mainly, I am happy to say, amongst those who come under the category of non-playing members.

Despite the reduction in numbers, the course has been used to a greater extent, so much so, that in March last your Committee decided that it was undesirable to risk congestion during the week-ends and a decision to temporarily suspend the use of the course was taken. We are sorry for those applicants whose names had to be placed on the waiting list but trust that, being golfers, they appreciate the position.

Turning to the Balance Sheet, you will find that Capital expenditure under the following headings has been made:

Buildings	\$570.75
Course Equipment	992.60
Furniture & Fittings	1,518.80
Lawn, Croquet & Glass	2,000.00
Total	\$5,082.15

Quite a lot of money, Gentlemen, but wisely spent. I think you will agree. The main items cover installation of hot water system and reeking range, ceiling fans, lawn mowers (2), supply and fixing water main and service to greens and the erection of new R.C.C. roof slabs over rear part of Club House.

#### ENTRANCE FEES

With regard to the Entrance Fee account, the revenue this year totalled \$1,890. You will recall that the Entrance Fee was increased from \$20 to \$40 at October 1st, last, so that, as the amount of revenue derived from Entrance Fees is exactly the same as last year, about 50% less applicants were admitted this year.

You will be pleased to note that there still remains a balance of \$292.57 at the credit of Bad & Doubtful Debts Reserve Account. No further provision is considered necessary at present. It was found necessary to write off \$297.43 during the year but as the major part of this amount was incurred in the year 1933/1934 and provision was made at the end of the year by placing the sum of \$500 to the credit of Bad & Doubtful Debts Reserve Account, I think the position is satisfactory and I feel that our Treasurers are to be congratulated on their work.

The balance available for transfer to Reserve Account is \$501.86 as compared with \$1313.97 last year—mainly due to the reduced revenue from Subscriptions. I now propose to give you a very brief resume of the year's affairs.

#### LADIES' SECTION

During the year a Ladies' Section was formed with Mrs. Cook as President. I regret to say that little has been heard of this section, it would appear that although our Ladies are keen on the game, they do not find competitive golf of interest. I hope that with the return from leave of some of our cranks they will get together and hold at least one major competition next year.

I wish to congratulate Mr. A. W. da Rosa on winning the Club Championship. Mr. da Rosa is one of the

Club's original members and won after 9 attempts.

Competition for prizes was exceedingly keen this year and a number of matches went beyond the 18th hole—they all finished at the 19th of course.

I take this opportunity to tender thanks to all who contributed prizes. Two Inter-Club matches were played with the Royal Hongkong Golf Club Happy Valley section during the year. The first at the Valley on October 22 when Kowloon won by 20% points to 13. The second match was played at Kowloon on Good Friday, April 10, 1935 and was won by the Valley by one point, 17% to 16% points. At the close of play following the last match, your Captain handed to our old friend Mr. A. O. Brown, Captain of the Valley team, the "ashes," these mythical earthly particles were contained in a piece of silver which had been subscribed for by members of both clubs. In handing the trophy Mr. Mundy said: "I am sure this memento will not in any way mar the friendship which has always been evident in these matches," and I think Mr. Mundy voiced the opinions of all. We do not wish these matches to develop into serious encounters.

The record of matches to date shows that Kowloon has won 10 and the Valley 6. I trust that Kowloon will retrieve the lost "ashes" when they visit the Valley a few months hence.

#### FURTHER DEVELOPMENTS

The course has been improved upon you will all agree and further developments are on hand. The registration of caddies has proved a great success. To conclude I would like to record our very real appreciation of all the help we have received and the friendly relations which exist between the Army Authorities and ourselves.

Mr. A. J. Dennis seconded and the report and accounts were adopted unanimously.

#### PROPOSAL WITHDRAWN

A proposal by Mr. Kershaw that ladies be accorded the privilege of use of the green from 2 p.m. instead of from 3 p.m. on Sundays during the winter months was withdrawn as there was no second.

#### OFFICERS ELECTED

The election of officers for the ensuing year resulted as follows: President: Mr. H. H. Mundy; Vice-President: Mr. J. D. Thomson; Captain: Mr. A. J. Dennis; Hon. Secy: Mr. W. Stoker; Treasurer: Messrs. Linstead and Davis; Auditors: Messrs. Percy Smith, Seth and Fleming; General Committee: Messrs. D. C. Wilson, J. McKelvie, W. C. Simpson, A. A. Andrews, W. Stewart and W. Taylor.

Mr. Stoker was accorded a hearty vote of thanks for his secretarial work during the past year.

#### EXTRAORDINARY MEETING

An extraordinary general meeting followed at which certain alterations carried out to Articles of Association of the Club were approved. The Articles were in regard to admission of members to the Club; applications for membership; subscription for Sea-going members and special resolutions passed at a General Meeting.

The meeting concluded with a hearty vote of thanks accorded to Mr. Thomson for taking the chair, proposed by Mr. McKelvie.

## INTERPORT TENNIS

### MRS. LITTON NOT FOR SHANGHAI

#### VACANCY BEING FILLED

The Hongkong Ladies' Interport Tennis team for Shanghai has been weakened by the inability of Mrs. Litton (formerly Miss Eadie Lo) to make the trip.

Mrs. Litton was one of four ladies chosen by the Hongkong Lawn Tennis

## HOME SOCCER PROSPECTS

### NO. 4 ASTON VILLA

#### HOPING TALENT WILL BLEND

(By Charles Buchan)

Aston Villa have signed very few new men, yet start the season with a remarkable aggregation of talent. Supporters are hoping that this season that talent will really blend.

Since last campaign Chester has joined Manchester United, Tewkesbury, and Talbot have gone to Bradford Park Avenue, and Tidman to Stockport County. Tate, Mandley and Mort have not been retained but have yet to find new clubs. Mort will probably go into business in Lancashire. The only new players to date are:

**J. H. Robey, a right-back from Stalybridge Celtic, and C. Black, a left-back from Port Glasgow.**

The full list of players available is:

Goalkeepers: H. Morton, F. Biddlestone, R. W. Butcher.

Backs: G. Brown, D. Blair, N. J. Young, F. Butcher, J. H. Robey, C. Black.

Half-backs: J. P. Allen, T. Gardner, W. Kingston, J. D. Gibson, W. C. Simpson, E. Callaghan, T. Wood, G. Pratt, W. A. Roberts, G. Hardy, J. McMurkie.

Forwards: W. F. Houghton, J. Beresford, T. Waring, D. J. Astley, R. W. Dix, A. Conliffe, D. Watkin, F. H. Broome, R. E. Brocklebank, J. R. Martin, G. C. Dean, J. H. Maund, F. Haycock.

#### ONE WEAK SPOT

Although rather light for First Division football, Broome, from Berkhamsted Town, revealed himself as a player of the highest class. Dix, after some disappointing shows, manifested something of his old form, and Conliffe also showed a welcome improvement as the season advanced. Watkin was intermittent at outside right and that appears to be the weak position in the forward line. Still, Manager McMullan hopes to get a better blend during the coming campaign.

The old stand had been re-roofed with asbestos, similar to that used in the new stand, and more concreting has been done in the unreserved parts.

### NO. 5.—LINCOLN

#### Keen Bid for The Pivotal Position Promised

Lincoln City's new men are limited to half a dozen, as far as probable first team players are concerned.

Up to the end of March it had looked as though changes would be many, for the ex-Second Division side was doing some too well. Then the men found such form as carried them through the rest of

(Continued on next Column.)

Association for Shanghai, but Mr. C. J. Teechi, the Hon. Secretary of the L.T.A., has received a reply from her to the effect that she would be unable to go.

Replies have not been received from all the other ladies, but it is understood that they are all available. The others are Miss R. Hancock, Mrs. Wilson and Miss Griffiths.

Mrs. Chiu Chun-chiu, of the Chinese R.C.C., has been asked to fill the vacancy.

## YET ANOTHER RECORD

### LAWRENCE AGAIN IN FINE FORM

Having broken the records for the 100 yards Free Style, the 100 yards Back Stroke and the 880 yards Free Style in the first two days of the Colony's annual swimming championship held at the V.R.C., Wilfred Lawrence yesterday created a new mark for the 220 yards Free Style, beating the previous best time by two seconds.

Leading all the way, Lawrence returned the time of two minutes 25 seconds and defeated his club mate I. Roza-Pereira, a former winner of this race, by 20 yards, with the other competitor, Tsang Ho-fook, almost one and a half lengths behind. A notable absentee in this race was Chan Chan-hing, the best swimmer in the Chinese community.

The Long Plunge event was won by S.V. Glittina who, with his final try, covered 66 feet 3 inches. A. Azedo swam a fine race to win the 100 yards Free Style Boys' Championship, while A. A. Noronha, despite a handicap of eight seconds, showed brilliant form to win the Members' 100 yards Free Style Handicap.

#### THE RESULTS

The full results were:  
100 yards Free Style Boys' Championship of the Colony.—1, A. Azedo; 2, R. Marques; 3, C. Silva-Netto. Time: 60 2/5 secs.

50 Yards Free Style handicap (Boys under 12).—1, F. Carvalho; 2, L. E. Gutierrez. Time: 53 4/5 secs.

Long Plunge (Open).—1, B. V. Glittina; 2, J. R. Soares. Distance: 66 feet 3 inches.

100 yards Free Style handicap (members).—1, A. A. Noronha; 2, C. F. Rozaario. Time: 60 3/5 secs.

220 yards Free Style (Open).—1, W. Lawrence; 2, I. Roza-Pereira; 3, Tsang Ho-fook. Time: 2 mins. 25 secs. (record).

100 yards Back Stroke (Junior championship of V.R.C.).—1, J. A. Gutierrez; 2, E. L. Goanane. Time: 83 2/5 secs.

### FOR THE CHILDREN

#### BAZAAR AT CONVENT OF THE PRECIOUS BLOOD

In aid of their Children's Hospital and Clinic and Orphanage, the Sisters of the Precious Blood, Convent, at Shamshulpo, Kowloon, will be holding the annual bazaar, under the patronage of the Hon. Mr. J. P. Braga, on September 7 at 3 p.m. in the Convent building.

As in previous years, bazaar souvenir tickets have been issued and it is hoped that they will meet with a ready sale among the public, as this function is for a very deserving cause. Donations or contributions of articles for sale at the bazaar will be gratefully received through the Hon. Secretary of the Committee, Mr. Chan Wai-chuen care of the Hotel Cecil.

The hospital, though a small establishment occupying only a section of the Convent building, is becoming well known for its help to the poor. There are many occasions when the cot is all occupied. It owes its existence largely to the Hongkong Society for the Protection of Children, for supplies of medicine and milk foods. The Society's valuable contributions of these supplies for the last three years have amounted to about \$4,500 excluding the services of a nurse. The hospital also depends upon the valuable services of the doctors who give their assistance.

For the general upkeep of the hospital and the orphanage, the Sisters and the Committee have to organize an annual bazaar to collect funds to defray expenses.

Dr. Matthews' Report

The following is a report on the medical work at the Hospital, for the past year, by Dr. H. D. Matthews:

For the period from 1st July 1934 to 30th June 1935 the medical work carried on at the Convent of the Chinese Sisters of the Precious Blood, at Shamshulpo, Kowloon, with the help of the Hongkong Society for the Protection of Children, has been continued in much the same way as in previous years. Its value and the need for it have been shown by the steady increase in the number of patients attending. This has been very gratifying, but of late it has been rather embarrassing owing to the great increase of attendances. Where in the old days we thought fifty or sixty a big number, we are now quite used to having over a hundred. This number is too large to allow of proper attention being given to every one, especially on the wet days, of which we have had so many this summer, when owing to lack of shelter outside they all have to be crowded into the room where patients are examined.

#### The Staff

During the early part of the year under review Dr. T. Z. Bau took the clinic and saw the in-patients two mornings a week, while the writer took one morning. In January, Dr. D. Hope Gill came to our help and since then each of us has been

responsible for one morning a week. Dr. Y. Y. Tang has continued his valuable help as before by filling up vacancies, fortunately very few, and by seeing any seriously ill patients on the days when no clinic is held.

At the beginning of the period we had the help of Mrs. Perry, who had helped in the work for so long. When to our great regret she was transferred to other work we had the valuable assistance of Mrs. Yip for about three months, and since then (January) Miss Tam has been of the greatest help. It would be impossible to speak too highly of her work, both in its efficiency and the good temper with which it is carried out under trying conditions. These three ladies were part of the contribution of the Hongkong Society for the Protection of Children to the work, more especially to the Clinic.

The Sisters of the Convent have continued their consistent and self-sacrificing efforts and are steadily gaining knowledge and experience. They have been ably aided by Miss Chan Yuk-hing who is a trained nurse with long experience, and by Miss Lee.

To all these workers I would express my very warm thanks for their ready help and willingness to co-operate in every way.

#### The Quarters.

Early in this period the self-sacrifice of the Sisters was strikingly shown by their giving up their upstairs quarters and thus providing a very light, airy upstairs room as a ward for the in-patients. This gives a very good ward for twenty-two cots, which have been given a cheerful appearance by red and white quilts kindly given by Mrs. F. H. Losely.

It also made possible the separation of healthy not-wanted babies from the sick children. This arrangement has been a great advantage and has provided very good quarters for the children of the orphanage.

With slight extension and rearrangement our out-patient quarters have been more convenient. On fine days they serve very well, but on rainy days they are rather crowded, being short of shelter for those waiting outside.

#### Number of Patients

The number of in-patients was 1,314 as against 1,043 for the previous year. Of this figure 327 were discharged cured or improved, 11 were still in the Hospital, and 976 died. The results are about the same as the previous year, that is about three quarters of the patients died. This is pretty ghastly.

The number of out-patients registered was 2,956 as against 1,766 for the previous year, while the total number of attendances was 8,437 compared with 5,828 of last year. This gives a total number of attendances for each child registered of less than three, and an average for each clinic of over sixty.

#### General Remarks

It is sad to mention that in spite of persuasion the poor people are still

reluctant to leave their children in hospital except when they are obviously extremely ill. Added to this obstacle to treatment is the children's weak resistance to disease due to poor food. Consequently, most disastrous are the results for the in-patients under the circumstances.

Recently the babies with tetanus have been sent to the Kwong Wah Hospital, where Dr. Bau and his colleagues have been treating them with serum, but with results, I believe, showing not much encouragement. Tuberculosis and disease due to faulty feeding account for a large proportion of the deaths, with broncho-pneumonia following close.

In the out-patient quarters, bronchitis and broncho-pneumonia take pride of place, closely followed by stomach and bowel diseases due to faulty feeding in many cases or to infection. Worms are a large factor also. Eye and ear troubles are common, also various skin diseases, especially boils and septic sores in the warm weather.

I would repeat what I said last year that we see very little evidence of wilful neglect. What we do see constantly are the results of the continual pressure of poverty, often extreme, and of the ignorance that goes with it.

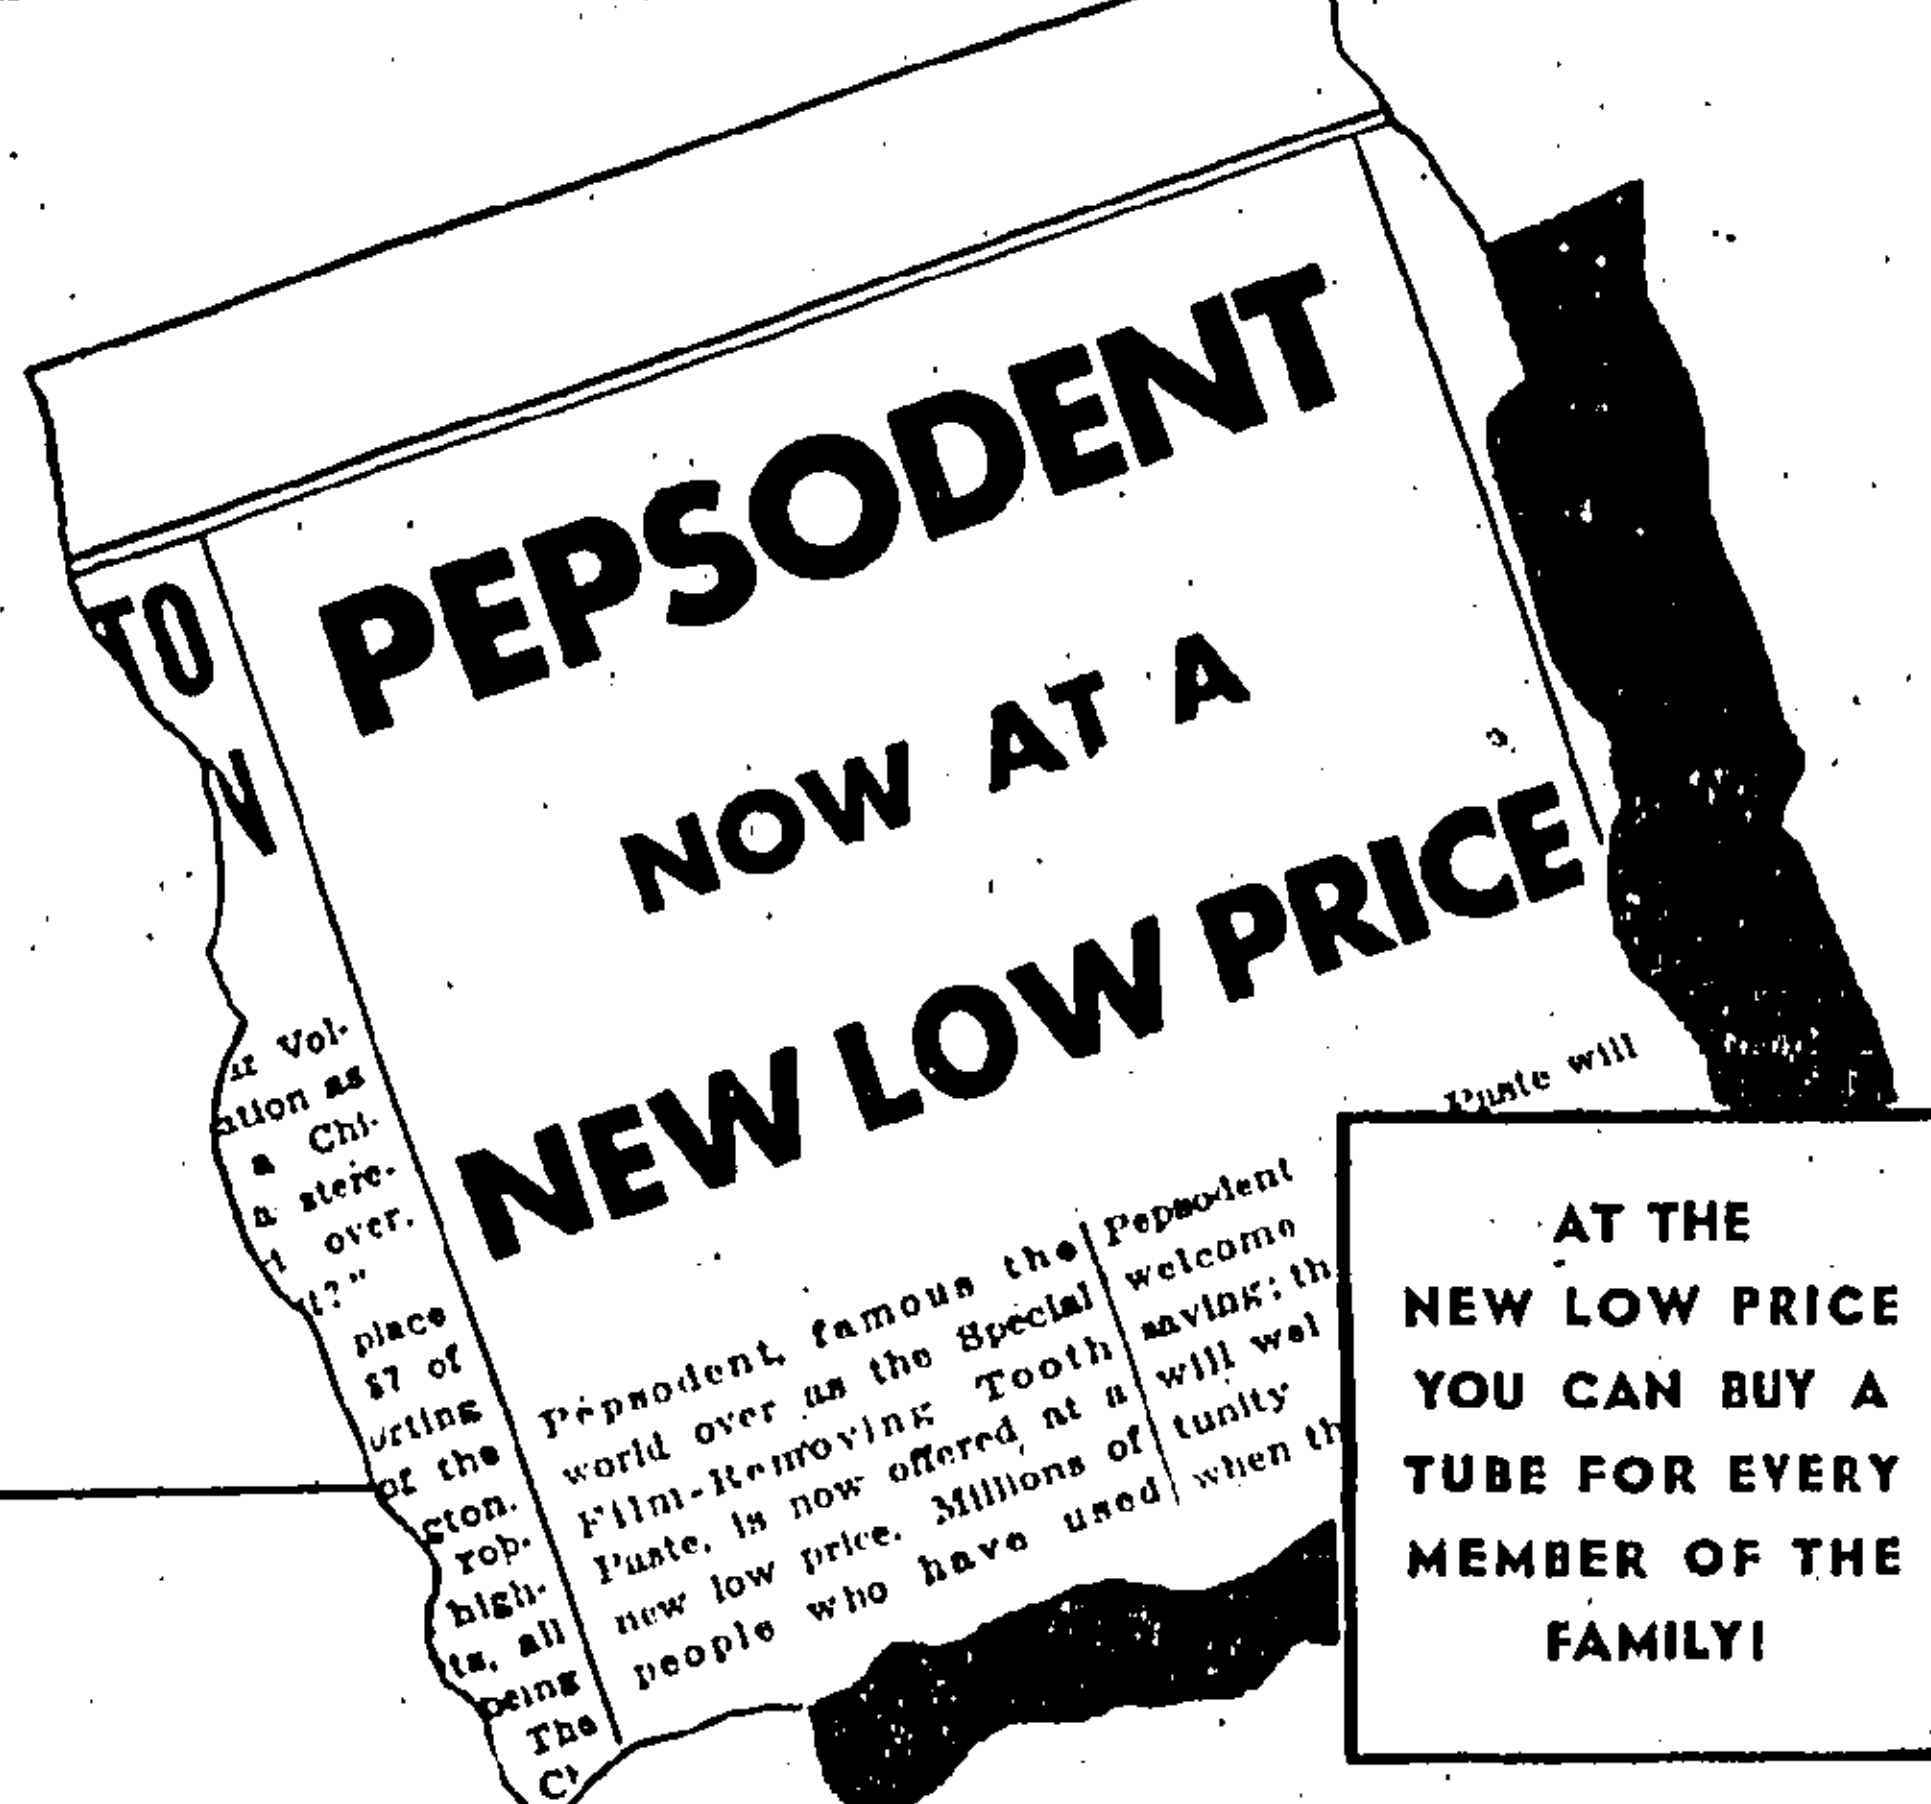

I feel sure that I am speaking not only for myself, but also for all who take part in the work, Doctors, Nurses, Sisters and other helpers, when I say that we are only touching the fringe of a tremendous problem, but that what we are able to do is abundantly worth while and far more than repays us for what we have been able to put into it.

We only ask that, if it be possible, we may be enabled to make the work more effective and to extend it.

Long-winded people aren't necessarily breezy types.

# NEWS!

## EVERYONE CAN NOW AFFORD THIS Special Film-Removing Tooth Paste

THINK of paying a new low price for the tooth paste that still maintains the same high standard of efficiency and safety! That's the good news that should make you want to buy Pepsodent Tooth Paste real soon.

Seven out of ten people already realize that there couldn't be a finer, more scientific dentifrice. In 67 different countries

Pepsodent is favorably known as the "special film-removing tooth paste." Wherever dental hygiene is farthest advanced, the world over, thousands of dentists approve Pepsodent and millions of people prefer it.

And now, just think — if you have always used Pepsodent you'll welcome this chance to buy it for less. It is identical in formula and results as before. To those who have never tried Pepsodent we suggest that you start using it now... at this new low price. Once you see what Pepsodent can do, we believe that you will want to use it regularly twice a day.

## THE VOLUNTEERS

### CORPS ORDERS FOR THE COMING WEEK

Hongkong Volunteer Defence Corps  
orders by Lieut.-Colonel H. B. L.  
Dowbiggin, O.B.E., Commandant,  
Hongkong Volunteer Defence Corps,  
Friday, Aug. 30.

#### 1. General

1. His Excellency the Officer Ad-  
ministering the Government has been  
pleased to appoint Captain Thomas  
Addis Martin, H.K.V.D. Corps, to be  
one of his Aides-de-Camp, vice  
Second Lieutenant G. C. Moutrie,  
H.K.V.D.C., with effect from August  
16, 1935.

2. Headquarters Offices.—Head-  
quarters Offices will be closed on  
Monday, September 2, 1935 (Bank  
Holiday).

#### 2. Parade

1. Corps 1st Battery.—  
Training Season starts at Belcher's  
Fort on Thursday, September 12,  
1935 at 6 p.m.

Battery Meeting will be held after  
the parade at Belcher's Fort on Sep-  
tember 12, 1935.

Battery Dinner will be held at Volun-  
teer Headquarters on Friday, Sep-  
tember 20, 1935. The special sub-  
committee consists of Lieut. de  
Villie, H.Q.M.S., Messer, and L/Bdr.  
Hess from whom all details may be  
obtained.

Examination in D.R.F.—The under-  
mentioned will be examined in D.R.F.  
by the Instructor in Gunnery, China  
Command, at Belcher's Fort on Tues-  
day, September 10, beginning at  
5.30 p.m.: No. 1244, H.Q.M.S., E.  
Moore, No. 1760, Sergeant D. Mar-  
shall, No. 1829, Gunner G. S.  
Gamble, No. 1732, Gunner H. S.  
Jones.

Promotions: August 30, 1935.—No.  
1813, L/Sergeant, W. F. Wain to Ser-  
geant, No. 1084, Bombardier J. Wat-  
son to L/Sergeant, No. 1793, L/Bdr.  
G. F. Rees to Bombardier, No. 1515,  
Gunner C. E. Moore to L/Bombard-  
ier, No. 2051, Gunner A. J. Mac-  
fayden to L/Bombardier.

Reversion.—No. 360, Bdr. H. T.  
Barton reverts to Gunner on his own  
request as from August 30, 1935.

Appointment.—No. 1515, L/Bdr.  
C. E. Moore is appointed N.C.O. 1/c  
Battery Rifle Shooting.

ii. Corps Engineers.—Thursday,  
September 12, 1935.—There will be no  
parade at Whitfield Barracks.

Monday, September 9, 1935.—A.A.  
Training at Stonecutters. Duty  
launch will leave Kowloon at 6.15  
p.m. and return about 9.30 p.m.

Haversack rations will be provid-  
ed.

Dress: Overalls.  
Members should make a special  
effort to attend as it is essential a  
second detachment be formed and  
trained.

iii. Corps Signals.—Parade at  
Volunteer Headquarters on Tuesday,  
September 3, 1935 at 5.30 p.m. for  
Signal Instruction.

Adjutant, H.K.V.D. Corps.

# HOT WEATHER! DISTRESSING HEADACHES

THE common headache, excessive heat, humidity, fatigue, and lowered powers of bodily  
resistance are everyday conditions you must watch during the summer months.  
'ASPRO' won't remove the heat and humidity, but it will smash up most headaches  
in 5 to 10 minutes. Simply swallow two or three tablets with a drink of water and lie  
down for about 10 minutes, if you can. You don't run any risk of injurious after-  
effects when you take 'ASPRO' for headaches, because it does not contain narcotics or  
dangerous drugs.

'ASPRO' is the ideal medicine for heat and summer complaints. It will check a cold almost immedi-  
ately, and there is nothing better than 'ASPRO' to combat the dreaded Dengue. Three tablets taken at  
once will help to reduce the temperature and settle the nerves. The function of 'ASPRO' is to give quick,  
safe service to men, women and children. It attacks the seat of the trouble, dispels the cause, because after  
ingestion in the system it is a solvent of Uric Acid, a powerful germicide, is antiseptic—anti-pyretic, anti-  
periodic, and anti-fermentative.

## OBITUARY

### OLD MEMBER OF TAIKOO REFINERY STAFF

When Mr. Malcolm McNeill,  
Chief Engineer of the C.N. s.s.  
Wanlu, arrived in Shanghai from  
Chungking on Monday he learned  
of the death of his father, an old  
China hand, Mr. Duncan McNeill,  
at the age of 75, in Greenock,  
Scotland.

The late Mr. Duncan McNeill  
retired in 1922, after 23 years' ser-  
vice with the Taikoo Sugar Re-  
finery in Hongkong following some  
years as a junior with the P. and  
O. S. N. Co., on their Far Eastern  
route. After his retirement he  
went back to Greenock, but, al-  
ready, widowed, his wife having  
died in Hongkong in 1916, Mr.  
McNeill came out to the Far East  
again and spent much of his time  
between Shanghai and Hongkong,  
with his daughters. Two years  
ago he lost the younger one Mrs.  
Collison, resident in Hongkong,  
who died in New York. Eighteen  
months ago, he left for home with  
his surviving daughter, Mrs.  
Sutor, the wife of Capt. Herbert  
Sutor, of the Shanghai Licensed  
Pilots' Association.

Just recently, although he had  
enjoyed excellent health through-  
out his long life as an abstainer,  
Mr. McNeill became ill and finally  
took to his bed. He became  
worse last week and on Saturday,  
August 24, with his daughter and  
son-in-law at his side, he died at  
5 p.m. His only son survives him  
in Shanghai.

A keen sportsman, Mr. McNeill  
was ever a welcome figure at race  
meetings and on lawn bowls  
greens.—M. C. D. News.

## CONTRACT BRIDGE

By W. E. McKenney

We have received so many requests for information regarding progressive contract laws, that we are printing a brief summary of this code for the information of our readers.

It is played just the same as progressive auction except that contract values are used. Talles and score cards should be provided at each table, and in addition a score pad with scoring schedule should be placed at each table. The players at each table appoint one of their number to keep score.

### A DEAL PASSED OUT

Should a deal be passed out—that is, should all four players pass at their first opportunity to declare—the deal passes to the left and the scorer gives both sides a zero on the score pad for that deal.

### SCORING GAME

In progressive contract it is necessary to bid and make game in one deal in order to score game. The game bonus is 300 points if declarer's side is not vulnerable, and 500 points if declarer's side is vulnerable.

### BONUS FOR WINNERS

In auction a bonus of 100 points was given to the side for winning a round or for progressing. As the values in contract are much greater than in auction, this bonus is 250 points in contract. In case of a tie of both pairs at a table, each side received 125 points and the cards are cut to see who shall progress.

In rubber contract, if a side wins a game it becomes vulnerable. Until a side wins a game it is not vulnerable. But as a round in progressive contract consists of only four deals the vulnerable features have to be arbitrarily set.

The individual or committee in charge shall determine which of the following laws shall be enforced regarding vulnerability. In the absence of a ruling (a) shall be used.

(a) All hands shall be played and all scores shall be entered as if neither side were vulnerable. The game premium shall be 300 points.

(b) All hands shall be played and all scores shall be entered as if both sides were vulnerable. The game premium shall be 500 points.

(c) The first and second deal of each round shall be played and all scores shall be entered as if neither side were vulnerable. The game premium shall be 300 points. The third and fourth deal shall be played and scores entered as if both sides were vulnerable. The game premium shall be 500 points.

(d) The first deal of each round shall be played and all scores entered as if neither side were vulnerable. The second and third deal of each round shall be played and all scores shall be entered as if the dealer's side were vulnerable and the other side invulnerable. The fourth deal of each round shall be played and all scores shall be entered as if both sides were vulnerable.

## STEAMBOAT CO. STRIKE UNCHANGED

(Continued from Page 1.)

amiable agreement being speedily reached is now very good. It is expected that the Sui An will leave Canton sometime this afternoon, manned by a scratch crew. For various reasons, and partly in order to clear the Canton wharf for the other ships, the Company desires the ship to be brought back to Hongkong and this can be done, said Mr. da Luz, without calling in outside help.

### DOUBLE DAILY TRIPS

The three other ships running to Canton will make double daily trips after Monday in order that the Steamboat Company's timetable will not be interfered with by the Sui An being laid up. Sailings will, therefore, be maintained according to the normal schedule.

What exactly will be arranged between the Company and the Union is at present unknown, but it is expected, stated the Secretary of the Steamboat Co., that an amicable settlement will be reached within a day or two, especially as the Union has now shown that it does not desire to take further aggressive steps in holding up all the Company's ships.

The trouble which led to the Sui An being prevented from sailing occurred early yesterday morning when Mr. Wong, Secretary of the Kwangtung Seamen's Union, visited Captain McCaw and requested, among other things, that the Chief Officer, Mr. Carter, be removed from the ship. On the demands not being complied with the whole crew, numbering about 100, left the ship a few minutes before she was due to sail.

## JONES VICTIM OF SOVIET?

### GERMAN PUBLICATION MAKES CHARGE

Berlin, Aug. 30. The suggestion that Mr. Gareth Jones, the British journalist, may have been shot on orders from Moscow, was made to-day by an anti-Communist publication subsidised by the German Government, and which supplies free information on Soviet Russia to the German press.

It says: "Jones' past may explain the attitude of the bandits. Jones was an expert on the situation in Soviet Russia. The account of his impressions conjures up horrible images. He was the first to tell the world the truth about the famine, but his story was denied by the Soviets."—*Reuter*.

## H.K. GOVERNMENT APPOINTMENTS

### SEVERAL CHANGES NOTIFIED

The following appointments by His Excellency the Officer Administering the Government are gazetted:

Mr. Norman Lockhart Smith to act as Colonial Secretary.

Mr. E. H. Williams to act as Secretary for Chinese Affairs.

Mr. A. G. Clarke to be Chief Assistant to the Secretary for Chinese Affairs.

Mr. I. B. Trevor to act as Manager of the Kowloon-Canton Railway, British Section, during the absence on leave of Mr. R. D. Walker, M.C.

Mr. P. C. M. Sedgwick and Mr. R. J. Minnitt to be Cadet Officers, on probation.

Mr. J. S. MacLaren to act as District Officer in the Southern District of the New Territories in addition to his other duties.

## REBELLED AGAINST FASCISM

### INDUSTRIALIST GETS PRISON TERM

Milan, Aug. 30. Signor Francesco, an industrialist, has been sentenced to five years' imprisonment as a political prisoner for lack of "political sensibility."

The Rome newspaper *Lavoro* states that the case is an example of the silent but daily rebellion against the Fascist regime, and the firm decision of the Prefect of Milan is to be applauded.—*Reuter*.

### FENG RUMOUR DENIED

Nanking, Aug. 31. Japanese reports regarding the attempted assassination of Marshal Feng Yu-hsiang by a railway guard are categorically denied here.—*Reuter*.

## DEPORTATION OF UNDESIRABLES

### HONGKONG LAW TO BE AMENDED

The law relating to the deportation of undesirable aliens is to be consolidated and amended, in accordance with an Ordinance the draft of which appears in the current issue of the *Government Gazette*.

It is explained in the objects and reasons that this Ordinance repeals the Deportation Ordinances of 1917, 1929 and 1931 and replaces them by an Ordinance which consolidates with certain amendments those of their provisions which related to the deportation of Aliens. The principal new provisions are:

Deportation Orders under this Ordinance will only be made against undesirable who are found by Governor in Council to be aliens. This involves slight changes in the long and short titles, the disappearance of section 4 or Ordinance No. 25 of 1917, and of the special form of Deportation Order applicable to British subjects with consequential omissions in the sections now re-enacted as sections 2, 12, 16 (6) and 18.

### ALIEN DEFINED

In section 2 an alien is defined as a person who is not a British subject, a definition which has been taken from section 27 (1) of the British Nationality and Status of Aliens Act, 1914. A further provision in section 2 defines a British subject as a person of British nationality.

This new definition though short is comprehensive. It replaces the provision in Ordinance No. 25 of 1917, which defined a British subject as including a natural-born British subject and a person naturalized under an Imperial Act or under an Ordinance of the Colony. That definition is comprehensive.

### WERE YOU RIGHT?

Answers to Brain-Teasers Printed on Page 3

- 1.—4 p.m.
- 2.—Japan
- 3.—13,172,060 square miles.
- 4.—Exceeded 75,000. Total was 83,194, of whom 61,604 were Chinese and 21,590 non-Chinese.
- 5.—Burma.
- 6.—Genghis Khan, the great Mongol leader.
- 7.—Confucius.
- 8.—Athelete.
- 9.—Showing favouritism to relatives.
- 10.—British and French Concession.
- 11.—Easter VIII, 9.
- 12.—March 14, 1879.

sidered unsatisfactory because it appeared to throw doubt on the status of the wives of British subjects or aliens, whose nationality is determined by section 10 of the British Nationality and Status of Aliens Act, 1914 (4 & 5 Geo. 5, c. 17) as enacted by the Act of 1933 (23 & 24 Geo. 5, s. 49), and because it apparently included former British subjects who had lost their British nationality.

### POLICE DISCRETION

Section 9, which replaces section 5 of the 1917 Ordinance has been revised so as to give the Inspector General of Police a discretion to release from custody persons on whom deportation orders have been served and an addition has been made to section 11 (a) (which replaces section 6 (a) of the 1917 Ordinance). These two amendments were approved by the Secretary of State in a despatch of the 9th April, 1934.

Section 15 (which replaces section 11 of the 1917 Ordinance) has been revised to include other prisons besides Victoria Goal.

An eighth question has been added to form No. 2 in the Schedule, asking if the person concerned is willing to be questioned about the matter, and a new sub-section 4 (6) relating thereto has been added. This seems necessary in order to enable the person to give a full statement, if he so desires, the Full Court having held in the Sung Man Cho case, that section 3A (4) enacted in Ordinance No. 7 of 1931 (now replaced by section 4 (4) of the new Ordinance) only authorised supplementary questions confined to the particulars in the statutory questions or allegations and did not authorise the taking of a full statement.

### U.S. LIQUOR BILL

Washington, Aug. 30. President Roosevelt has signed the Liquor Control Bill establishing a new Alcohol Commission under the control of the Treasury, and replacing the Federal Agency, which was torpedoed when N.E.A. was adjudged unconstitutional.—*Reuter*.

## FADING HOPE OF PEACE

(Continued from Page 1.)

passed through the Suez Canal, bound for the East.—*Reuter*.

### BRITISH SUBJECTS

London, Aug. 30. The British Legation at Addis Ababa has denied a report which was circulated earlier this week that instructions had been issued to British subjects to leave Abyssinia. The British Minister, Sir Sydney Barton, has for some time been authorised, if any when he might think it necessary, to advise those British subjects in Abyssinia, who could conveniently do so, to leave. The moment when the advice should be given has been left to the Minister's discretion, and no such action yet has been taken.

Several weeks ago, missionaries were advised to send their wives and children on furlough, or to concentrate them in Addis Ababa while plans were formulated for concentrating missionaries at various provincial capitals, with the co-operation of the Abyssinian Government if the need for such concentration should ever arise. But in this case also no action has so far been deemed necessary.—*British Wireless*.

## GERMAN ARMY REVIEW

### GREATEST DISPLAY SINCE WAR

Berlin, Aug. 30. The biggest military manoeuvres in Germany since the Great War will be held on Luneburger Heath, in Hanover, which is the German Salisbury Plain, from September 2 to September 9.

The official news agency states that for the first time since the Versailles Treaty, German forces can show a large number of troops armed with the weapons which modern war demands.

The manoeuvres will conclude with a mass review by Herr Hitler lasting for several hours.—*Reuter*.

## ROYAL VICTORIA DOCK

### BIG ALTERATIONS IN PROGRESS

London, Aug. 30. Progress is being made with the Port of London Authority's development scheme, which is to cost £1,750,000 and will give regular employment to 600 men for five years.

When the alterations to the Royal Victoria Dock are completed, it will provide 6,000 feet of deep water quays, with most up-to-date electric cranes, and will continue to be the chief warehousing area in the Port of London for the tobacco and flour milling trades.

The modernisation of the Royal Albert Dock includes the construction of a new quay 5,350 feet long.—*British Wireless*.

### CORRESPONDENCE

#### The Abyssinian Question

(To The Editor, Hongkong Telegraph)

Sir,—I have seen "Kaimakam's" letter appearing in your paper of the 29th inst. and think that the undersigned gentleman would lose his time uselessly in replying to anyone who in corresponding cannot help but make use of words admittedly too vulgar for translation.

Thanking you for your courtesy in publishing my previous letter as well as the present.

EL ASKARI.

## ANTI-COMMUNIST CAMPAIGN

### JAPANESE REPORTS DENIED

Shanghai, Aug. 30. Japanese reports that the anti-Communist campaign in Szechuen is progressing unfavourably are denied by Dr. H. H. Kung, who states that he has received a telegram from the Generalissimo stating that the extermination of the Reds' remnants who retreated to Minkiang recently is expected shortly.—*Reuter*.

### "TAX THE RICH"

Washington, Aug. 30. President Roosevelt has signed the "Tax the Rich" Bill.—*Reuter*.
